A Little Book of Sloth Feb 26 2021 Cozy up with adorable baby sloths in this irresistible photographic picture book. Hang around just like a sloth and get to know the delightful residents of the Avarios Sloth Sanctuary in Costa Rica, the world's largest sloth orphanage. You'll fall in love with bad-boy Mateo, ooh and ahh over baby Biscuit, and want to wrap your arms around champion cuddle buddy Ubu! From British filmmaker and sloth expert Lucy Cooke comes a hilarious, heart-melting photographic picture book starring the laziest—and one of the cutest—animals on the planet.

Sloth and Squirrel in a Pickle Nov 25 2020 Two lovable, but unlikely, friends try to get the job done. Sloth and Squirrel have different ways of doing things — and different speeds of doing them. So, when fast-as-lightning Squirrel gets himself and slow-as-molasses Sloth hired as pickle packers to earn money for a new bike, things don't go according to plan. They're so bad, in fact, that the friends are shown the door, along with the 677 1/2 jars of pickles they packed incorrectly! Now their bicycle dream is shot. Or so they think — until the resourceful pair come up with an ingenious plan! Whoever said fast and slow don't go together didn't know Sloth and Squirrel!

The Sanctity of Sloth Apr 18 2020 There's one thing more dangerous than testifying to a crime—staying silent. Locked in the ruins of a California Mission, Abby Travers watches helplessly as a girl dies outside her window. As she struggles between her moral obligation to come forward as a witness, and her commitment to a Medieval religious practice that requires her

to retreat from the world, the situation spins out of control. Abby's hesitation starts a series of catastrophes. She finds herself at the center of a deadly cover up where every minute counts and indecision could be fatal. She questions all her beliefs and everyone she knows becomes suspect. To save herself and those she loves, she must break free from her self-imposed prisons of stone and fear. *The Sanctity of Sloth* is a taut, psychological thriller that answers the question: What happens when a good woman does nothing? Fans of Paula Hawkins and A.J. Finn will enjoy this third book in Greta Boris's *Seven Deadly Sins*. The *Seven Deadly Sins* are not sequential, and can be read and enjoyed in any order. Procrastination is perilous - get your copy today!

Life in the Sloth Lane Sep 23 2020 WHY ARE SLOTHS ALWAYS SMILING? Perhaps it's because they've mastered the art of taking it slow in a world whose frenzied pace is driving the rest of us crazy. Here, in a mindfulness book like no other, heart-tuggingly cute photographs of these always-chill creatures are paired with words of wisdom, all to inspire us to slow down, stop to enjoy the little things, and come up relaxed, centered, and smiling.

Sloth Wisdom May 20 2020 There's a lot to be said for taking life a little easier, like our sloth friends do. As Mahatma Gandhi once said, "There is more to life than increasing its speed." In rest, we find replenishment, and sometimes those leaps of brilliance that come only when we're relaxed and open to them. So, to quote Sylvia Boorstein, "Don't just do something, sit there." And kick back with this little book of quotations from sages of slow, from Shakespeare to Charles M. Schulz, from Aesop to Maya Angelou. Charming illustrations of sloths throughout. Adorable mini book comes with cute 24K gold-plated charm, which may be kept on the ribbon bookmark or worn on a bracelet or necklace. 80-page full-color hardcover mini book with dust jacket. Invitingly priced! Book measures 3-1/4 inches wide by 4 inches high.

Sloth Jul 22 2020 A Story about a troubled Teenager who becomes a urban legend afters he wills into a coma and wakes up a year later unchanged except for his sloth-like pace.

The Sloth and His Friends Aug 03 2021 Many amazing animals live in the Amazon rainforest: jaguars, anacondas, golden lion tamarinds, harpy eagles, cupaberas - just to name a few. But this story isn't about any of them... Sorry. This story is about a sloth. A what? A sloth. That's right. And not just any sloth - a brown-throated, three-toed sloth. Why in the world would anyone want to read a story about a sloth? Because sloths are awesome. Yes, they are slow. Very slow. And they sleep a lot. An awful lot. But they are gentle, thoughtful, and beautiful creatures. Most sloths are about as big as house cats. They have thick brown (or slightly green) fur, short snouts, big eyes, long legs, and small ears. Their curved claws are great for hanging onto branches. Sloths love to hang out - upside down - in trees! In fact, they spend most of their

lives doing just that. They eat leaves - lots and lots of leaves. And not much else. Since sloths don't have much energy, everything requires serious time and effort. Eating is a challenge. Climbing a tree is an Olympic event. Of course, there's a lot more to learn about sloths. But this isn't a science book. It's a story. So what are you waiting for? Your slothful adventure awaits!

Sloths Mar 10 2022 A wonderfully entertaining celebration of that most unique of creatures: the sloth. In public estimation, sloths have undergone an astonishing transformation in the course of the past few years. Thanks largely to YouTube clips posted by the sloth orphanage in Costa Rica, sloths have attracted a vast audience of admirers. Instead of seeing them as ridiculous anachronisms of which we know little, they have turned into creatures considered by many to be the most endearing on earth. Over much the same period, scientific investigations have also changed our view of sloths. No longer are they seen as total misfits in the modern world but, in the words of one specialist sloth investigator, they are 'masters of an alternative lifestyle'. In this wonderfully entertaining celebration of this most unique of creatures, William Hartston reveals the fascinating history of the sloth, from the prehistoric ground sloth to modern pygmy sloths in Panama, explores the current state of the science of sloths and reveals the truth behind sloth behaviour.

Abiding Sloth (A Dark Mafia Romance) Jan 16 2020 Now is my time. Free from the shackles of my lies. Exposed to those who would oppose me. I've made all the right moves. Aligned things perfectly to fall into place precisely. Once my final plan is set in motion... No one will be in a position to stop it. Not even God himself. I'll pay for my sins when my time on this planet has ended. But I'm prepared to do my penance. And I'll offer my enemies absolution before I pull the trigger. It's the least I can do before I take this city into my death grip. People say the Devil once lived in Chicago... They haven't seen anything yet. ***Abiding Sloth is the fifteenth book in The Deadliest Sin Series about organized crime in Chicago. This series is best read in order, as the stories are chronological and each sin builds on the events of the previous one.***

Tracing Stars Nov 13 2019 A charming novel about sisterhood, self-identity, and friendship from the author of Flutter Indie Lee Chickory knows she's not as cool as her older sister Bebe. Bebe has more friends, for one. And no one tells Bebe she's a fish freak, for two. So when Indie accidentally brings her pet lobster to school, makes a scene, loses him in the ocean and embarrasses Bebe worse than usual, she makes a wish on a star to become a better Chickory. She tries to do this by joining the stage crew of the community's theater production, The Sound of Music. (Bebe has a starring role.) But Bebe is worried that Indie will embarrass her again, so she gives her a makeover and tells her who she should be friends with. That means Owen is out. But he's fun and smart, so Indie keeps her friendship with him a secret. At night, Indie and Owen rebuild a tree house into a ship in the sky to catch Indie's pet lobster. But during the day, Indie has to hide her friendship with Owen.

When things come to a head, Indie realizes that being true to yourself is more important than being cool. But what's even more surprising is that Bebe realizes it, too. Praise for TRACING STARS * "This improbable plot and spunky protagonist are appealing bait for a heartfelt, memorable story."--Kirkus Reviews, starred review * "This timeless story perfectly captures the growth that summer affords kids when, after endless days and nights, they emerge truer versions of themselves."--Booklist, starred review "Moulton's sensitivity to her characters' emotions extends this quiet tale's mood and setting. A Bulletproof Ground Sloth: On the Hunt in Brazil Mar 18 2020 "This is the scene everyone will remember," is how the director described the bullet-ant ceremony moments before Pat Spain took his place in the line of initiates. If online views, memes, family parties, and talk-show mentions are the measure, he wasn't wrong. The Tucandeira ceremony of the Sateré-Mawé is known as the most extreme ritual in the world, and Pat agrees with that assessment wholeheartedly. After hosting hundreds of hours of wildlife-adventure TV programs, Pat is no stranger to the pain animals can inflict, but the bullet ants took this to an entirely new level. On the Hunt in Brazil is an unblinking look into Pat's journey through Amazonia with a National Geographic film crew, attempting to uncover the truth behind the mythical mapinguari - a giant one eyed monster who can kill you with a scream. Over the course of two weeks, Pat participates in the Tucandeira, smuggles weapons on an aircraft, accidentally exposes himself to old people, learns that Brazil's sexy reputation is well deserved, and hears an ancient legend, never before shared with a Westerner, that points him towards a conclusion about the mapinguari and a surprising

explanation for the seemingly tall-tales.

Deadly Sins: Sloth Oct 25 2020

"Slowly, Slowly, Slowly," said the Sloth Mar 30 2021 Slowly, slowly, slowly . . . that's the way the sloth moves. Slowly, it eats and then, slowly, it falls asleep. "What strange kind of creature is this?" the other animals wonder. Why doesn't it run or fly or play or hunt like the rest of us? "Why are you so slow?" the howler monkey inquires. But the sloth doesn't answer any questions until the jaguar asks, "Why are you so lazy?" Anyone who has ever felt too busy will appreciate the sloth's peaceful lifestyle and realize that it's okay to take time to enjoy life. Eric Carle's dazzling collage illustrations introduce readers to the exotic beauty of the Amazon rain forest and the many unusual animals living there.

Sloths Don't Run Jan 08 2022 Sloths Don't Run is the story of two rainforest creatures who embark on an unlikely adventure -- running The Great Rainforest Race. The pair proves that with hard work they can do what seemed impossible, and learn the true meaning of courage along the

way.

Super Sloth Dec 27 2020 Super Sloth isn't fast. He can't fly. But he is very, very good at moving slowly and looking just like a greenish bit of tree. When his archenemy Anteater makes off with some prize mangoes, Super Sloth vows to save the day . . . eventually! From the creator of critically acclaimed Fergal is Fuming comes Starling's laugh-out-loud tale of one ordinary sloth turned superhero.

The peace talks take place in Luna Lake, the American community where all shifter species--wolf, cat, bird, bear, and more--live in harmony. Diplomats, their families, and security personnel stream into town, among them Dalvin Adway, a Wolven agent. Dalvin is startled to find Rachel Washington in Luna Lake. The last time he saw her, they were children in Detroit. Then she was kidnapped and, he thought, murdered. But Rachel became an owl-shifter as a result of the attack and has avoided family and old friends ever since, knowing they would not understand her. She's stunned to see Dalvin and learn that he, too, is an owl-shifter. Their wary friendship is on the brink of becoming something more when conspiracy and betrayal cause the peace talks to break down. The fight between the bear clans will be settled through a form of traditional challenge--a risky tactic that might lead to full-blown war. Rachel is determined to prevent that, even if it means taking up the challenge herself! At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
