Karin Michaëlis' Bibi books Feb 14 2022
Karin Michaëlis (1872–1950) was one of the
most important Danish authors of the early
20th century and achieved enormous
international success with her Bibi books
about the life and adventures of a free-
spirited Danish girl named Bibi. The series
was not particularly popular in the author's
native country, however. This book unravels
the intricate reasons behind the strikingly
asymmetrical reception of the Bibi series at
home and abroad while at the same time
deconstructing this homeabroad dichotomy by
showing that the Bibi books are an example
of transnational children's literature. They
did not have their "home" in Denmark in that
Karin Michaëlis wrote them specifically for

foreign publishers, first and foremost the German Herbert Stuffer. The book further argues that the Danish texts are rewritings rather than originals and explores some of the salient textual features of the Danish and German Bibi books. Finally, it examines the series' reception by young Italian readers in Fascist Italy and Karin Michaëlis' Italian translator.

The Very Worst Thing Aug 08 2021 David doesn't belong anywhere. He isn't good at school, or talking to people, or making friends. He's been in six different foster homes, and he can't really remember his parents. It seems like he'll never have

anything all his own. Then he finds an owl egg. With the help of Mab, the skinny "girl genius" of his class, he names it King Arthur and sets out to hatch and raise an owl of his very own. As they wait for King Arthur to hatch and as they raise the funny-looking owl chick, Mab and David become true friends. But Mab's father thinks they should return King Arthur to the wild. Can David give up his owl? Is it even the right thing to do? What can David do if the worst thing of all happens?

The Sun is Feminine Apr 04 2021 Lisa is 4 years and 5 months old and Giulia 3 years and 4 months. One morning, the girls' father is taking them to nursery school. L: ... e bravissima, ha riscaldato l'auto. E' bravissima, vera? In praising the sun for having warmed up the car, Lisa has referred to it in the feminine gender, as in the German die Sonne. Her father corrects her by using the masculine gender. F: E' bravissimo. E' if sale. L: E' un maschietto, if sale? (Is the sun a little boy?) F: E' maschife. (It's masculine.) G [determined]: E' una femmina! (No, it's a girl!) F: Forse in tedesco. (Perhaps it is in German.) is left disoriented, speechless. Giulia This book is devoted to language

acquisition in children who have been exposed to two languages since birth. It has often been said that the study of simultaneous bilingualism is the "most fertile ground" for the formulation of general theories on language acquisition processes, and indeed, most of the studies on early bilingualism aim in this direction. But in a sense this book serves the reverse purpose. Using the results of psycholinguistic research as a basis, I have sought to understand the peculiarities of the process of language organization in the child who faces the problem of learning two languages when other children are learning only one. Thus, the recurring theme of my study is the diversity of bilingual as opposed to monolingual acquisition.

Advances in Corpus Linguistics Mar 03 2021
This book provides an up-to-date survey of current issues and approaches in corpus linguistics in the form of twenty-two recent research articles. The articles cover a wide range of topics illustrating the diversity of research that is characteristic of corpus linguistics today. Central themes are the relationship between theory, intuition and corpus data and the role of corpora in linguistic research. The majority of the

articles are empirical studies of specific aspects of English, ranging from lexis and grammar to discourse and pragmatics. Other areas explored are language variation, language change and development, language learning, cross-linguistic comparisons of English and other languages, and the development of linguistic software tools. The contributors to the volume include some of the leading figures in the field such as M.A.K. Halliday, John Sinclair, Geoffrey Leech and Michael Hoey. The theoretical and methodological issues addressed in the volume demonstrate clearly the steady advance of an expanding discipline inspired by an empirical, usage-based approach to the study of language. The volume is essential reading for researchers and students interested in the use of computer corpora in linguistic research.

The Child in Time Jan 13 2022 A child's abduction sends a father reeling in this Whitbread Award-winning novel that explores time and loss with "narrative daring and imaginative genius" (Kirkus Reviews, starred review). Stephen Lewis, a successful author of children's books, is on a routine trip to the supermarket with his three-year-old daughter. In a brief moment of distraction, she suddenly vanishes-and is irretrievably lost. From that moment, Lewis spirals into bereavement that effects his marriage, his psyche, and his relationship with time

itself: "It was a wonder that there could be so much movement, so much purpose, all the time. He himself had none at all." In *The Child in Time*, acclaimed author Ian McEwan "sets a story of domestic horror against a disorienting exploration in time" producing "a work of remarkable intellectual and political sophistication" that has been adapted into a PBS Masterpiece movie starring Benedict Cumberbatch (Kirkus Reviews, starred review). "A beautifully rendered, very disturbing novel."

Mussolini's Children May 05 2021

Mussolini's Children uses the lens of state-mandated youth culture to analyze the evolution of official racism in Fascist Italy. Between 1922 and 1940, educational institutions designed to mold the minds and bodies of Italy's children between the ages of five and eleven undertook a mission to rejuvenate the Italian race and create a second Roman Empire. This project depended on the twin beliefs that the Italian population did indeed constitute a distinct race and that certain aspects of its moral and physical makeup could be influenced during childhood. Eden K. McLean assembles evidence from state policies, elementary

textbooks, pedagogical journals, and other educational materials to illustrate the contours of a Fascist racial ideology as it evolved over eighteen years. Her work explains how the most infamous period of Fascist racism, which began in the summer of 1938 with the publication of the "Manifesto of Race," played a critical part in a more general and long-term Fascist racial program.

Lost Children Archive Apr 23 2020 NEW YORK TIMES 10 BEST BOOKS OF THE YEAR • “An epic road trip [that also] captures the unruly intimacies of marriage and parenthood . . . This is a novel that daylight our common humanity, and challenges us to reconcile our differences.” —The Washington Post In Valeria Luiselli’s fiercely imaginative follow-up to the American Book Award-winning *Tell Me How It Ends*, an artist couple set out with their two children on a road trip from New York to Arizona in the heat of summer. As the family travels west, the bonds between them begin to fray: a fracture is growing between the parents, one the children can almost feel beneath their feet. Through ephemera such as songs, maps and a Polaroid camera, the children try to make sense of both their family’s crisis and the larger one engulfing the news: the stories of thousands of kids trying to cross the southwestern border into the United States but getting detained—or lost in the desert along the way. A breath-taking feat of literary virtuosity, *Lost Children Archive*

is timely, compassionate, subtly hilarious, and formally inventive—a powerful, urgent story about what it is to be human in an inhuman world.

And, for the first time in the day, it is Tortoise who is in a hurry. He reads speedily, with one eye on his cuppa. But Hare has other ideas. As far as he is concerned, when it's time for his bedtime story from Tortoise, he is no longer in a hurry. In fact he wants to take all the time in the world and linger over every picture. After all, some things just shouldn't be rushed! Toddlers will love this simple story, with its cosy farmland setting and lovable characters. And while adults are reading a story that highlights the differences between the energetic and impetuous Hare and the rather more circumspect Tortoise, they will no doubt smile as they recognise the parallels with their own experiences of childcare!

Ideological Manipulation of Children's Literature Through Translation and Rewriting
Feb 02 2021 This book explores the topic of ideological manipulation in the translation of children's literature by addressing several crucial questions, including how target language norms and conventions affect the quality of a translation, how translations are selected on the basis of what is culturally accepted, who is involved in the selection of what should be translated for children in the target culture, and how this process takes place. The author presents different ways of looking at the translation of children's books, focusing particularly on the practices of intralingual and interlingual translations as a form of rewriting across a selection of European languages. This book will be of interest to Translation Studies and children's literature scholars, as well

as those with a wider interest in the impact of ideology on culture.

Loss and the Other in the Visionary Work of Anna Maria Ortese Sep 28 2020 This book examines the work of Anna Maria Ortese (1914-1998) from her first literary writings in the Thirties to her great novels in the

Nineties. The analysis focusses on two interweaving core themes, loss and the Other. It begins with the shaping of personal loss of an Other following death, separation, abandonment, coupled with melancholy for life's transience as depicted in autobiographical works and in her masterpiece *Il porto di Toledo*. The book then addresses Ortese's literary engagement with social themes in realist stories set in post-war Naples in her collection *Il mare non bagna Napoli* and then explores her continuing preoccupation with socio-ethical issues, imbued with autobiographical elements, in non-realist texts, including her masterful novels *L'Iguana*, *Il cardillo addolorato* and *Alonso e i visionari*. The book combines theme and genre analysis, highlighting Ortese's adoption and hybridization of diverse literary forms such as poetry, the novel, the short story, the essay, autobiography, realism, fairy tales, fantasy, allegory. In her work Ortese weaves an ongoing dialogue with literary and non-literary works, through direct quotations, allusions, echoes, adoption of motifs and topoi. The book thus highlights the intertextual relationship with her sources: Leopardi, Dante, Petrarch, Manzoni, Collodi,

Montale, Serao; Shakespeare, Milton, Keats, Blake, Joyce, Conrad, Melville, Poe, Hawthorne, Hardy; Manrique, Gongora, de Quevedo, Villalón, Bello, Cantar del mio Cid; Heine, Valery, Puccini's Madam Butterfly, folklore, popular songs, and the Bible. Ortese thus shapes her literary themes in the background of social, political and economic upheavals over six decades of Italian history, culminating in an allegorical critique of modernity and a call for a renewed bond between humans and the Other.
