Death Stalks the Fire Child is the fourth and final book of the Fire Child series. In *Return of the Fire Child*, T.J. grudgingly accepts his destiny as the Fire Child, protector of the Inner World, a civilization located within the core of the Earth. Along with his three teen friends, Scott, Chad and Crash, he returns to the land of his birth to battle the evil that threatens not only his world, but also the surface world where he had been raised. Once again he calls upon his three friends who, along with the wolf boy, Criton, risk their lives attempting to bring peace to a world in turmoil. It is during this time that T.J. learns that Scott is his half-brother and the bond between the two boys becomes stronger than ever as they see how their fates are intertwined. *Fortress of the Fire Child* finds T.J. and his friends facing further dangers in the form of Aquatis, a ruthless shape shifter who once battled the Fire Child's father and who seeks revenge against the son. Intrigue also continues as Mathias, T.J.'s arch enemy, reappears and attempts to regain the throne of Stonemass, the chief city of the Inner World. Additional danger ensues as an army of mercenaries attempts to attack the Fortress, the home of the Fire Child. Now in *Death Stalks the Fire Child*, T.J. finds himself battling enemies on two separate fronts and he must rely upon the strength of his friends and their newly acquired powers to face one enemy while he faces the other. While Scott and the others hurry to protect Stonemass from a horde of mutant lizards, T.J. travels to the swampland to face the evil Slurpus who controls Liviatin, the most powerful creature the Fire Child has ever had to face. that persuaded him to put Silver to rest and to return to the studios of such major jazz recording labels as Columbia, Impulse, and Verve, where he continued expanding his catalogue of new compositions and making recordings that are at least as impressive as his earlier work. Silver's irrepressible sense of humor combined with his distinctive spirituality make his account, which is well seasoned with anecdotes about the music, the musicians, and the milieu in which he worked and prospered, both entertaining and inspiring."--Jacket. Orson Welles' classic 1958 noir movie *Touch of Evil*, the story of a corrupt police chief in a small town on the Mexican-American border, starring Charlton Heston, Janet Leigh and Marlene Dietrich, is widely recognised as one of the greatest noir films of Classical Hollywood cinema. Richard Deming's study of the film considers it as an outstanding example of the noir genre and explores its complex relationship to its source novel, *Badge of Evil* by Whit Masterson. He traces the film's production history, and provides an insightful close analysis of its key scenes, including its famous opening sequence, a single take in which the camera follows a booby-trapped car on its journey through city streets and across the border. Jan Aevankmajer wrote this remarkable book on tactile art when he stopped directing films after censorship by the Czechoslovakian government and experimented intensively with tactile phenomena and the creative imagination. Illustrated with over 100 images, the book is organised around many reproductions of Aevankmajer's wondrous tactile art objects, tactile poems, experiments and games. It also includes dialogues with, and artworks by, other collaborating artists from the Group of Czech and Slovak Surrealists. Aevankmajer also gathers together as contributors

such notable exponents of tactual experience as Edgar Allen Poe, Guillaume Apollinaire, Salvador Dali, Marcel Duchamp, Meret Oppenheim, Ay-O, and F.T. Marinetti. Michael Havas, producer of some of Aevankmajer's films, says of the book: 'it is typically Aevankmajer: erudite and very consequential. Sometimes also very funny and erotic. Totally unique.' What constitutes a love poem? What makes a good marriage? How can one explain fifty years of amiable, loving, committed companionship that carries no caveats and no regrets? How can one enumerate, let alone explain, the legion shapes and shades and manifestations by which love reveals itself? These poems in *An Angel of the First Degree* are all, significantly, love poems. Many of the poems are incidental in that they were written in the busyness of life, the way many things appear in the busyness of life. Some began as a way to describe the joys of everyday togetherness. Some of the poems are humble; such are the Valentine's Day poems. Some of the poems, the wedding poems, are grand, written in celebration and commemoration. These poems would not express honest aspirations for marriage had they not been grounded in my own experience, in my own marriage to the woman who is the subject, object, and primary reader of these poems. Thus, all these poems must be read as love poems for my lifelong friend and companion, mother of my children, my guardian angel, love of my life. *Touching Evil* is an intense and gritty thriller that chronicles the compelling cases of the Organised and Serial Crime unit (OSC), an elite rapid-response squad dedicated to combating the city's most dangerous criminals. Zachary Goldman just wants to put everything that happened to him that night at the hands of a monster behind him forever. But when Heather, his estranged

sister, asks for his help in bringing her own rapist to justice, there is no way he can turn her down. The case is cold, three decades ago. Heather never saw her attacker's face, as he was wearing a mask. At the time, the police did everything they could, but there have been new advancements in technology and Zachary hopes to turn up something he can use to solve the case. Somehow, he needs to find a way to finally bring Heather some peace, even when it means dealing with his own painful memories. A vivid new cast of characters collide in gritty 1990s Brooklyn, in this latest from acclaimed neo-noir author William Boyle. In *City of Margins*, the lives of several lost souls intersect in Southern Brooklyn in the early 1990s. There's Donnie Parascandolo, a disgraced ex-cop with blood on his hands; Ava Bifulco, a widow whose daily work grind is her whole life; Nick, Ava's son, a grubby high school teacher who dreams of a shortcut to success; Mikey Baldini, a college dropout who's returned to the old neighborhood, purposeless and drifting; Donna Rotante, Donnie's ex-wife, still reeling from the suicide of their teenage son; Mikey's mother, Rosemarie, also a widow, who hopes Mikey won't fall into the trap of strong arm work; and Antonina Divino, a high school girl with designs on breaking free from Brooklyn. Uniting them are the dead: Mikey's old man, killed over a gambling debt, and Donnie and Donna's poor son, Gabe. These characters cross paths in unexpected ways, guided by coincidence and the pull of blood. *City of Margins* is a Technicolor noir melodrama pieced together in broken glass. Gritty, deeply touching, fascinating, informative; these letters show the joys and heartbreaking challenges of family life in the fur trade. Includes a game with rules at the end that readers can play after having watched Lambie play it throughout the book.
