*International Communism and the Spanish Civil War* Jun 20 2020 *International Communism and the Spanish Civil War* provides an intimate picture of international communism in the Stalin era. Exploring the transnational exchanges that occurred in Soviet-structured spaces - from clandestine schools for training international revolutionaries in Moscow to the International Brigades in Spain - the book uncovers complex webs of interaction, at once personal and political, that linked international communists to one another and the Soviet Union. The Spanish Civil War, which coincided with the great purges in the Soviet Union, stands at the center of this grassroots

history. For many international communists, the war came to define both their life histories and political commitments. In telling their individual stories, the book calls attention to a central paradox of Stalinism - the simultaneous celebration and suspicion of transnational interactions - and illuminates the appeal of a cause that promised solidarity even as it practiced terror.

United States Policy Toward Spain During the Spanish Civil War, 1936-1939 Jan 28 2021

The Spanish Civil War Mar 10 2022 This exciting collection of primary sources on the Spanish Civil War uses military and political documents, media accounts, and contemporary propaganda to create a representative and illuminating survey of this enormously complicated event more than sixty-five years after it ended. Structured chronologically from a full introduction which delineates the field, this book ranges from the origins of the uprising against Franco through to its turbulent aftermath. It clearly outlines key points in the conflict and highlights the little-known roles of race and gender in determining the war's outcome. The book also unearths many rare sources for the first time and reveals the variety of perspectives held by those immediately involved in the war. This is an ideal resource for all students of history and military history.

The Spanish Civil War, the Soviet Union, and Communism Nov 13 2019 In this compelling book Stanley G. Payne offers the first comprehensive narrative of Soviet and Communist intervention in the revolution and civil war in Spain. He documents in unprecedented detail Soviet strategies, Comintern activities, and the role of the Communist party in Spain from the early 1930s to the end of the civil war in 1939. Drawing on a very broad range of Soviet and Spanish primary sources, including many only recently available, Payne changes our understanding of Soviet and Communist intentions in Spain, of Stalin's decision to intervene in the Spanish war, of the widely accepted characterization of the conflict as the struggle of fascism against democracy, and of the claim that Spain's war constituted the opening round of World War II. The author arrives at a new view of the Spanish Civil War and concludes not only that the Democratic Republic had many undemocratic components but also that the position of the Communist party was by no means counterrevolutionary.

*The Spanish Civil War* Dec 27 2020

*The Spanish Civil War in Literature* Jun 01 2021 Few events have stirred the emotions and caught the imaginations of intellectuals as did the Spanish Civil War of 1936-39. *The Spanish Civil War in Literature* examines the diverse literatures that the war inspired: a literature relating directly to the war, a literature of exile arising from the forty-year dictatorship of Francisco Franco, and a polemical literature embracing pro-Franco and Loyalist sympathies. In this book, specialists from a variety of fields explore these literatures within comparative and interdisciplinary frameworks. They reflect upon film, poetry, novels, painting, discourse, biography, and propaganda. The essays are grouped according to the original languages of the works they discuss: French, Russian, English, and Spanish.

*The Battle for Spain* Mar 18 2020 A fresh and acclaimed account of the Spanish Civil War by the bestselling author of *Stalingrad* and *The Battle of Arnhem* To mark the 70th anniversary of the Spanish Civil War's outbreak, Antony Beevor has written a completely updated and revised account of one of the most bitter and hard-fought wars of the twentieth century. With new material gleaned from the Russian archives and numerous other sources, this brisk and accessible book (Spain's #1 bestseller for twelve weeks), provides a balanced and penetrating perspective, explaining the tensions that led to this terrible overture to World War II and affording new insights into the war—its causes, course, and consequences.

*Gibraltar and the Spanish Civil War, 1936-39* Aug 23 2020 A detailed historical analysis of the role played by the British enclave of Gibraltar in the Spanish Civil War.

*Homage to Catalonia* Apr 30 2021 George Orwell's account of his experience as a militiaman in the Spanish Civil War in the 1930s. The book describes the chaos at the Front, the futile young deaths for what became a confused cause, the antique weapons and the disappointment many British Socialists felt on arriving in Spain to help.

*The Comintern and the Spanish Civil War* Jul 22 2020

*The Spanish Civil War* Feb 21 2023 The definitive work on the Spanish Civil War, a classic of modern historical scholarship and a masterful narrative.

*British Representations of the Spanish Civil War* Jul 14 2022 Shelmerdine shows that traditional notions in Britain of Spain as a country of bullfighting, bandits and flamenco were

pervasive, and were significant in shaping wider UK government policy towards Spain in the period of the civil war. He assesses political perceptions of the 1930s Spanish scene such as race and ethnicity.

*The Spanish Foreign Legion in the Spanish Civil War*, 1936 Nov 18 2022 In 1936, the Spanish Foreign Legion was the most well equipped, thoroughly trained, and battle-tested unit in the Spanish Army, and with its fearsome reputation for brutality and savagery, the Legion was not only critical to the eventual victory of Franco and the Nationalists, but was also a powerful propaganda tool the Nationalists used to intimidate and terrorize its enemies. Drawing upon Spanish military archival sources, the Legion's own diary of operations and relevant secondary sources, Alvarez recounts the pivotal role played by the Spanish Foreign Legion in the initial months of the Spanish Civil War, a war that was not only between Spaniards, but that pitted the political ideology of Communism and Socialism against that of Fascism and Nazism.

*"!No Pasarán!"* Oct 05 2021 The six essays collected in this volume are a selection from a number of papers which were given at a one-day colloquium on 'Art, Literature and the Spanish Civil War' which was held in Westfield College on 18 July 1986, precisely fifty years to the day after Franco's military coup in the Canary Islands, which was destined to have such a decisive effect on the course of Spanish history. Though this date subsequently became a Francoist celebration - the so-called 'Dia del Alzamiento' (Day of the Uprising) - the papers collected here do not demonstrate a Francoist bias. The overall approach is intertextual and interdisciplinary, thereby stressing the international nature of the artistic response to the war. For the benefit of the English reader, all foreign quotations are followed by an English translation.

*France and the Spanish Civil War* May 12 2022 In this wide-ranging study of French intellectuals who represented the Spanish Civil War as it was happening and in its immediate aftermath, Hurcombe explores the ways in which these individuals addressed national anxieties and shaped the French political landscape. Bringing together reports, essays and fiction by French supporters of Franco's Nationalists and of the Spanish Republic, Hurcombe shows the multifaceted ways in which conflict impacted upon French political culture.

Today the Struggle Mar 30 2021 Many writers, from Aristophanes

to Joseph Heller, have written about politics. But at certain periods in history, often at times of conflict and turmoil, writers have consciously used their literary talents to support or oppose a specific cause. The 1930s, a decade of widespread social and political breakdown, was such a period. Today the Struggle examines the political involvement of those leading British writers who dedicated their talents to the defense of Nationalists or Loyalists during the Spanish Civil War and who saw that war as symbolic of their own Right-Left dialogue. Conservatives like William Butler Yeats and T. S. Eliot and Roman Catholics like Evelyn Waugh were passionately anti-Communist. They viewed fascism as a bulwark against communism but were unwilling to support the Franco cause actively. Other pro-Nationalists were not so hesitant: Roy Campbell and Wyndham Lewis were ardent participants in the fight against the British left wing. Pro-Loyalists, united only in their antifascism, ranged from conservative to anarchist in political commitment. Their literary contributions included fine poems by W. H. Auden and Stephen Spender, experimental drama by Auden and Christopher Isherwood, and impassioned prose by Rex Warner, George Orwell, and Aldous Huxley. Katharine Hoskins's principal interest in Today the Struggle is to discover how and why certain writers supported specific political actions, to ascertain the effectiveness of their efforts, and to evaluate the influence of these efforts on their work.

*The Spanish Republic and Civil War* Feb 15 2020 The Spanish Civil War has gone down in history for the horrific violence that it generated. The climate of euphoria and hope that greeted the overthrow of the Spanish monarchy was utterly transformed just five years later by a cruel and destructive civil war. Here Julián Casanova, one of Spain's leading historians, offers a magisterial new account of this critical period in Spanish history. He exposes the ways in which the Republic brought into the open simmering tensions between Catholics and hardline anticlericalists, bosses and workers, Church and State, order and revolution. In 1936 these conflicts tipped over into the sacas, paseos and mass killings which are still passionately debated today. The book also explores the decisive role of the international instability of the 1930s in the duration and outcome of the conflict. Franco's victory was in the end a victory for Hitler and Mussolini and for dictatorship over democracy.

*The Spanish Civil War: A Very Short Introduction* Sep 16 2022

"Helen Graham highlights the domestic and international context of the Spanish Civil War, and reveals its origins in the political and cultural anxieties provoked by the rapid modernization of Europe. Using personal narratives, she combines a powerfully human account of the war and its aftermath with a disturbing ethical enquiry into its legacy for the 21st century."--BOOK JACKET.

*Fearless Women in the Mexican Revolution and the Spanish Civil War* May 20 2020 "Study of the role women played in the Mexican Revolution and the Spanish Civil War. Examines female figures such as the soldaderas of the Mexican Revolution and the milicianas of the Spanish Civil War and the intersection of gender, revolution, and culture in both the Mexican and the Spanish contexts"--Provided by publisher.

*The Spanish Civil Code in Force in Spain, Cuba, Puerto Rico, and the Philippines* Dec 19 2022

*The Spanish Civil Code in Force in Spain, Cuba, Puerto Rico, and the Philippines* Nov 06 2021

*The Spanish Civil War* Dec 07 2021 A masterpiece of the historian's art, Hugh Thomas's *The Spanish Civil War* remains the best, most engrossing narrative of one of the most emblematic and misunderstood wars of the twentieth century. Revised and updated with significant new material, including new revelations about atrocities perpetrated against civilians by both sides in this epic conflict, this "definitive work on the subject" (Richard Bernstein, *The New York Times*) has been given a fresh face forty years after its initial publication in 1961. In brilliant, moving detail, Thomas analyzes a devastating conflict in which the hopes, dreams, and dogmas of a century exploded onto the battlefield. Like no other account, *The Spanish Civil War* dramatically reassembles the events that led a European nation, in a continent on the brink of world war, to divide against itself, bringing into play the machinations of Franco and Hitler, the bloodshed of Guernica, and the deeply inspiring heroics of those who rallied to the side of democracy. Communists, anarchists, monarchists, fascists, socialists, democrats -- the various forces of the Spanish Civil War composed a fabric of the twentieth century itself, and Thomas masterfully weaves the diffuse and fascinating threads of the war together in a manner that has established the book as a genuine classic of modern history.

British Women and the Spanish Civil War Apr 18 2020 Through oral and written narratives, this book examines the interaction between women and the war in Spain, their motivation, the distinctive form of their involvement and the effect of the war on their individual lives. These themes are related to wider issues, such as the nature of memory and the role of women within the public sphere. The extent to which women engaged with this cause surpasses by far other instances of female mobilization in peace-time Britain. Such a phenomenon therefore can offer lessons to those who would wish to encourage a greater degree of interest amongst women in political activities today.

Modern Warfare in Spain Sep 04 2021 During the Spanish Civil War, foreign military officers wrote highly elaborate reports of their experiences at the front. One was attaché Col. Stephen O. Fuqua of the U.S. Army, who had once held the rank of major general. His presence was highly unusual, for most military observers were less-experienced captains, majors, and lieutenant colonels. Fuqua's reports contained important observations about Spanish armament and troop movements, and he managed to acquire Nationalist propaganda and information despite being situated entirely within Republican military lines. His reporting was considered so valuable that during World War II, Fuqua was tapped to be Time's military commentator. Editor James W. Cortada brings Fuqua's—and others'—insightful observations to light. The result is a volume of such immediacy that the reader feels transported to a time of great historical uncertainty amid the twentieth century's great “dress rehearsal” for fascism and the conflagration of World War II.

Memory Battles of the Spanish Civil War Aug 03 2021 The ability to forget the violent twentieth-century past was long seen as a virtue in Spain, even a duty. But the common wisdom has shifted as increasing numbers of Spaniards want to know what happened, who suffered, and who is to blame. Memory Battles of the Spanish Civil War shows how historiography, fiction, and photography have shaped our views of the 1936–39 war and its long, painful aftermath. Faber traces the curious trajectories of iconic Spanish Civil War photographs by Robert Capa, Gerda Taro, and David Seymour; critically reads a dozen recent Spanish novels and essays; interrogates basic scholarly assumptions about history, memory, and literature; and interviews nine scholars, activists, and documentarians who in the past decade and a half have helped redefine Spain's relationship to its past. In this

book Faber argues that recent political developments in Spain—from the grassroots call for the recovery of historical memory to the indignados movement and the foundation of Podemos—provide an opportunity for scholars in the humanities to engage in a more activist, public, and democratic practice.

Soviet Diplomacy and the Spanish Civil War Jan 16 2020 From the John Holmes Library collection.

Hitler And Spain Feb 26 2021 The Spanish Civil War, begun in July 1936, was a preliminary round of World War II. Hitler's and Mussolini's cooperation with General Franco resulted in the Axis agreement of October 1936 and the subsequent Pact of Steel of May 1939, immediately following the end of the Civil War. This study presents comprehensive documentation of Hitler's use of the upheaval in Spain to strengthen the Third Reich diplomatically, ideologically, economically, and militarily. While the last great cause drew all eyes to Western Europe and divided the British and especially the French internally, Hitler could pursue territorial gains in Eastern Europe. This book, based on little-known German records and recently opened Spanish archives, fills a major gap in our understanding of one of the 20th century's most significant conflicts. Its comprehensive treatment of German-Spanish relations from 1936 through 1939, bringing together diplomatic, economic, military, and naval aspects, will be of great value to specialists in European diplomacy and the political economy of Nazi imperialism, as well as to all students of the Spanish Civil War.

Sites of Violence and Memory in Modern Spain Oct 13 2019 In this sophisticated study, Antonio Míguez Macho and his team of expert scholars explore the connections between violence and memory in modern Spain. Most importantly for a nation with an uncomfortable relationship with its own past, this book reveals how sites of violence also became sites of forgetting. Centred around places of violence such as concentration camps and military courts where prisoners endured horrific forced labour and were sentenced to death, this book looks at how and why the history of these sites were obscured. Issues addressed include: how Guernica came to represent Francoist front-line brutality and so concealed violence behind the lines; the need to preserve drawings made by concentration camp inmates that record a history the regime hoped to silence; the contests over plaques and monuments erected to honour victims; and the ways forging a historical record through human rights cases helps shape a new

collective memory. Shining a spotlight on these important topics for the first time, this book provides a new perspective on one of the major issues of 20th-century Spanish history: the history and memory of Francoist violence. As such, *Sites of Violence and Memory in Modern Spain* is an invaluable resource for all scholars of modern Spain, memory culture, and public history.

*Reluctant Warriors* Sep 23 2020 A comparative study of Nationalist Army and Republican Popular Army conscripts during the Spanish Civil War. Draws extensively on unpublished archival material to analyse the conflict from the perspective of those who were involved against their will.

*The Spanish Civil Wars* Oct 17 2022 CHOICE Outstanding Academic Title 2017 This book provides a comparative history of the domestic and international nature of Spain's First Carlist War (1833-40) and the Spanish Civil War (1936-39), as well as the impact of both conflicts. The book demonstrates how and why Spain's struggle for liberty was won in the 1830s only for it to be lost one hundred years later. It shows how both civil wars were world wars in miniature, fought in part by foreign volunteers under the gaze and in the political consciousness of the outside world. Prefaced by a short introduction, *The Spanish Civil Wars* is arranged into two domestic and international sections, each with three thematic chapters comparing each civil war in detail. The main analytical perspectives are political, social and new military history in nature, but they also explore aspects of gender, culture, nationalism and separatism, economy, religion and, especially, the war in its international context. The book integrates international archival research with the latest scholarship on both subjects and also includes a glossary, a bibliography and several images. It is a key resource tailored to the needs of students and scholars of modern Spain which offers an intriguing and original new perspective on the Spanish Civil War.

*A New International History of the Spanish Civil War* Feb 09 2022 '...a lucid and scholarly account of an important and immensely complex subject...Dr. Alpert's command of a broad range of archival material, printed documents and secondary works in six languages is extremely impressive.' - P. Preston, London School of Economics and Political Science It is now twenty years since a study was dedicated to the international aspects of the Spanish Civil War and this new synthesis covering the whole of the era and setting it against major events of the

late 1930s is well overdue. Michael Alpert takes full advantage of newly accessible archival sources to disentangle the intricacies of this complex issue.

*Franco and the Spanish Civil War* Jan 20 2023 *Franco and the Spanish Civil War* is a wide-ranging and insightful analysis of the origins, course, and consequences of the conflict and of Franco's role within it. It offers a broad view of the war through a survey of the social and cultural dimensions, as well as the military and political ones. In particular, it traces Franco's meteoric rise to power, his conduct in the war, and his long subsequent rule. This authoritative introduction illuminates the many different interpretations of the conflict by examining a variety of perspectives. *Franco and the Spanish Civil War* places the war in its national and global contexts, exploring both nationalist and republican points of view, and giving attention to foreign participation in the conflict.

*American Relief to Spain During the Spanish Civil War 1936-1939*  
Oct 25 2020

*The People's Army in the Spanish Civil War* Jan 08 2022 The author of *Fighting for Spain* delivers "a military history focused on three major battles, Brunete, Belchite and Teruel . . . meticulously researched" (Historical Novel Society). Why did the Spanish Republic lose the Spanish Civil War—and could the Republic have won? These are the key questions Alexander Clifford addresses in this in-depth study of the People's Army and the critical battles of Brunete, Belchite and Teruel. These battles represented the Republic's best chance of military success, but after bitter fighting its forces were beaten back. From then on, the Republic, facing the superior army of Franco and the Nationalists, aided by Germany and Italy, faced inevitable defeat. This tightly focused and perceptive account of the military history of the Republic and its army is fascinating reading. As well as providing a broad overview of the strategy and tactics of the People's Army and its Nationalist opponents, Alexander Clifford quotes vivid eyewitness testimony to give the reader a direct insight into the experience of the frontline soldiers on both sides during these three critical battles. Their recollections reveal to the reader what it was like to fight in the scorching heat of the plains around Brunete, in the shattered streets of Belchite—still ruined to this day—and in the frozen hills of Teruel.

Spain in Our Hearts Dec 15 2019 From the moment it began in 1936, the Spanish Civil War became the political question of the age. Hitler and Mussolini quickly sent aircraft, troops and supplies to the right-wing generals bent on overthrowing Spain's elected government. Millions of people around the world felt passionately that rapidly advancing fascism must be halted in Spain; if not there, where? More than 35,000 volunteers from dozens of other countries went to help defend the Spanish Republic. Adam Hochschild, the acclaimed author of King Leopold's Ghost, evokes this tumultuous period mainly through the lives of Americans involved in the war. A few are famous, such as Ernest Hemingway, but others are less familiar. They include a nineteen-year-old Kentucky woman, a fiery leftist who came to wartime Spain on her honeymoon; a young man who ran away from his Pennsylvania college and became the first American casualty in the battle for Madrid; and a swashbuckling Texas oilman who covertly violated US law and sold Generalissimo Francisco Franco most of the fuel for his army. Two New York Times reporters, fierce rivals, covered the war from opposite sides, with opposite sympathies. There are Britons in Hochschild's cast of characters as well: one, a London sculptor, fought with the American battalion; another, who had just gone down from Cambridge, joined Franco's army and found himself fighting against the Americans; and a third is someone whose experience of combat in Spain had a profound effect on his life, George Orwell. PRAISE FOR ADAM HOCHSCHILD "[An] excellent portrait of the war and of the men and women drawn to Spain ... It is Hochschild's vivid account of what these people witnessed that gives his book its edge. Many other writers have described the Americans who went to Spain, but few have brought to their accounts such an enjoyable and balanced mixture of history and personal narrative ... Hochschild is good at conveying the barbarity on both sides without letting it swamp the story ... fascinating." Literary Review "Hochschild tells nuanced tales of political awakenings and disillusionments, but also steadfast ethical commitment. He never descends into easy moralising . . . Spanish Civil War history is a minefield but Hochschild has entered it sure-footedly, with great respect for those whose lives were marked indelibly." BBC History Magazine

Britain and the Spanish Civil War Jun 13 2022 This book offers an interpretation of a foreign conflict that has had a greater impact on modern British politics than any other.

The Novel of the Spanish Civil War (1936–1975) Aug 15 2022 This is a major English study of the novels of the Spanish Civil War. The book is based on an analysis of some eighty Spanish novels, written in Spain and abroad (in exile) during the Franco period (1936–1975), in which the Civil War is the major theme.

*A Poet's War* Apr 11 2022 Discusses poets such as Stephen Spender, W.H. Auden, George Barker, Julian Bell, John Cornford, Ralph Fox, Robert Graves, Margot Heinemann, Brian Howard, Cecil Day Lewis, Jack Lindsay, Hugh MacDiarmid, Louis MacNeice, Wilfred Owen, Herbert Read, Christopher St. John Sprigg, Randall Swingler, Rex Warner, Tom Wintringham, and others.

*Summary of Helen Graham's The Spanish Civil War* Jul 02 2021 Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Spanish Civil War began with a military coup in 1936. It was the result of the extremely uneven levels of development that existed in Spain by the 1930s. The war was fought between the elements that clashed in the pre-war domestic environment: urban culture and cosmopolitan lifestyles versus rural tradition, secular versus religious, authoritarianism versus liberal political cultures, and so on. #2 The loss of Spain's empire in 1898 deprived the country of its protected external markets, which kick-started an intermittent and acrimonious debate over how Spain should modernize itself economically. The arguments in favor of domestic reform made by Spain's more progressive industrial elites made little headway. #3 Spain was the country that was the least affected by the demands of the war. Rural and provincial Spain was serviced by the populations of agrarian or market towns, which were inhabited by a conservative middle class. The Church hierarchy clung to monarchy not least to stave off the consequences of liberalizing politics and culture. #4 In urban Spain, the First World War was the catalyst for social change. The war produced a economic boom, but it also produced severe forms of inflation and dislocation that greatly affected poorer segments of society.
