John Ogbu has studied minority education from a comparative perspective for over 30 years. The study reported in this book--jointly sponsored by the community and the school district in Shaker Heights, Ohio--focuses on the academic performance of Black American students. Not only do these students perform less well than White students at every social class level, but also less well than immigrant minority students, including Black immigrant students. Furthermore, both middle-class Black students in suburban school districts, as well as poor Black students in inner-city schools are not doing well. Ogbu's analysis draws on data from observations, formal and informal interviews, and statistical and other data. He offers strong empirical evidence to support the cross-class existence of the problem. The book is organized in four parts: *Part I provides a description of the twin problems the study addresses--the gap between Black and White students in school performance and the low academic engagement of Black students; a review of conventional explanations; an alternative perspective; and the framework for the study. *Part II is an analysis of societal and school factors contributing to the problem, including race relations, Pygmalion or internalized White beliefs and expectations, levelling or tracking, the roles of teachers, counselors, and discipline. *Community factors--the focus of this study--are discussed in Part III. These include the educational impact of opportunity structure, collective identity, cultural and language or dialect frame of reference in schooling, peer pressures, and the role of the family. This research focus does not mean exonerating the system and blaming minorities, nor does it mean neglecting school and society factors. Rather, Ogbu argues, the role of community forces should be incorporated into the discussion of the academic achievement gap by researchers, theoreticians, policymakers, educators, and minorities themselves who genuinely want to improve the academic achievement of African American children and other minorities. *In Part IV, Ogbu presents a summary of the study's findings on community forces and offers recommendations--some of which are for the school system and some for the Black community.

Black American Students in an Affluent Suburb: A Study of Academic Disengagement is an important book for a wide range of researchers, professionals, and students, particularly in the areas of Black education, minority education, comparative and international education, sociology of education, educational anthropology, educational policy, teacher education, and applied anthropology. Readers and critics have been intrigued - and disturbed - by the characters of *Wuthering Heights* since its publication in 1847. Heathcliff and Catherine, the tormented and enigmatic lovers at the centre of the novel, have justifiably been the focus of critical attention. Yet the novel is peopled with a large cast of idiosyncratic characters, each of whom plays a significant role in the plot. This novel, with its references to physiognomy and monomania, its interest in dreams as revelations of the unconscious mind, and its recognition of the importance of origins in character-formation, reflects important developments in the conception of character and psychology in the nineteenth century. The #1 New York Times bestseller. Over 4 million copies sold! **Tiny Changes, Remarkable Results** No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal. The #1 New York Times bestseller! Now a Hulu original series starring Reese Witherspoon and Kerry Washington. "I read *Little Fires Everywhere* in a single, breathless sitting." —Jodi Picoult "To say I love this book is an understatement. It's a deep psychological mystery about the power of motherhood, the intensity of teenage love, and the danger of perfection. It moved me to tears." —Reese Witherspoon "Extraordinary . . . books like *Little Fires Everywhere* don't come along often." —John Green From the bestselling author of *Everything I Never Told You*, a riveting novel that traces the intertwined fates of the picture-perfect Richardson family and the enigmatic mother and daughter who upend their lives. In Shaker Heights, a placid, progressive suburb of Cleveland, everything is planned—from the layout of the winding roads, to the colors of the houses, to the successful lives its residents will go on to lead. And no one embodies this spirit more than Elena Richardson, whose guiding principle is playing by the rules. Enter Mia Warren—an enigmatic artist and single mother—who arrives in this idyllic bubble with her teenaged daughter Pearl, and rents a house from the Richardsons. Soon Mia and Pearl become more than tenants: all four Richardson children are drawn to the mother-daughter pair. But Mia carries with her a mysterious past and a disregard for the status quo that threatens to upend this carefully ordered community. When old family friends of the Richardsons attempt to adopt a Chinese-American baby, a custody battle erupts that dramatically divides the town—and puts Mia and Elena on opposing sides. Suspicious of Mia and her motives, Elena is determined to uncover the secrets in Mia's past. But her obsession will come at unexpected and devastating costs. *Little Fires Everywhere* explores the weight of secrets, the nature of art and identity, and the ferocious pull of motherhood—and the danger of believing that following the rules can avert disaster. Named a Best Book of the Year by: People, The Washington Post, Bustle, Esquire, Southern Living, The Daily Beast, GQ, Entertainment Weekly, NPR, Amazon, Barnes & Noble, iBooks, Audible, Goodreads, Library Reads, Book of the Month, Paste, Kirkus Reviews, St. Louis Post-Dispatch, and many more... Perfect for book clubs! Visit celesteng.com for discussion guides and more. **THE STORY:** Somewhere in Philadelphia, Elliot has returned from Iraq and is struggling to find his place in the world. Somewhere in a chat room, recovering addicts keep each other alive, hour by hour, day by day. The boundaries of family and communi At twenty-one, Kathy Valentine was at the Whisky in Los Angeles when she met a guitarist from a fledgling band called the Go-Go's—and the band needed a bassist. The Go-Go's became the first multi-platinum-selling, all-female band to play instruments themselves, write their own songs, and have a number one album. Their debut, *Beauty and the Beat*, spent six weeks at the top of the Billboard 200 and featured the hit songs "We Got the Beat" and "Our Lips Are Sealed." The record's success brought the pressures of a relentless workload and schedule culminating in a wild, hazy, substance-fueled tour that took the band from the club circuit to arenas, where fans, promoters, and crew were more than ready to keep the party going. For Valentine, the band's success was the fulfillment of a lifelong dream—but it's only part of her story. *All I Ever Wanted* traces the path that took her from her childhood in Texas—where she all but raised herself—to the height of rock 'n' roll stardom,

devastation after the collapse of the band that had come to define her, and the quest to regain her sense of self after its end. Valentine also speaks candidly about the lasting effects of parental betrayal, abortion, rape, and her struggles with drugs and alcohol—and the music that saved her every step of the way. Populated with vivid portraits of Valentine's interactions during the 1980s with musicians and actors from the Police and Rod Stewart to John Belushi and Rob Lowe, *All I Ever Wanted* is a deeply personal reflection on a life spent in music. Brooklyn, New York, is home to the Brooklyn Public Library, the fifth-largest library system in the United States, with 60 neighborhood branches serving the 2.5 million residents of the borough. The Central Library—the main hub of this far-reaching institution—has, for 75 years, occupied a prime triangle of land at Brooklyn's Grand Army Plaza. Originally proposed in 1888, the unique Art Deco building with an "open book" design was not completed until 53 years later in 1941. Since then, the library has seen millions of eager readers pass through its iconic gilded doorway. While the technologies of learning have changed dramatically in the years since the Central Library opened, the mission of the institution remains the same—to ensure the preservation and transmission of society's knowledge, history, and culture, and to provide the people of Brooklyn with free and open access to information for education, recreation, and reference. With every twist and turn you don't know what's going to happen. Another Lisa Jewell classic..... Melville Heights is one of the nicest neighborhoods in Bristol, England; home to doctors and lawyers and old-money academics. It's not the sort of place where people are brutally murdered in their own kitchens. But it is the sort of place where everyone has a secret. And everyone is watching you. As the headmaster credited with turning around the local school, Tom Fitzwilliam is beloved by one and all—including Joey Mullen, his new neighbor, who quickly develops an intense infatuation with this thoroughly charming yet unavailable man. Joey thinks her crush is a secret, but Tom's teenaged son Freddie—a prodigy with aspirations of becoming a spy for MI5—excels in observing people and has witnessed Joey behaving strangely around his father. From the Pulitzer Prize-winning author of *Water by the Spoonful*. Looking back at a tragic event that occurred during his thirteenth year, Frank Drum explores how a complicated web of secrets, adultery, and betrayal shattered his Methodist family and their small 1961 Minnesota community. Includes the unabridged text of Brontë's classic novel plus a complete study guide that features chapter-by-chapter summaries, explanations and discussions of the plot, question-and-answer sections, author biography, historical background, and more. One of the most time-consuming tasks in clinical medicine is seeking the opinions of specialist colleagues. There is a pressure not only to make referrals appropriate but also to summarize the case in the language of the specialist. This book explains basic physiologic and pathophysiologic mechanisms of cardiovascular disease in a straightforward manner, gives guidelines as to when referral is appropriate, and, uniquely, explains what the specialist is likely to do. It is ideal for any hospital doctor, generalist, or even senior medical student who may need a cardiology opinion, or for that matter. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Much-Afraid had been in the service of the Chief Shepherd, whose great flocks were pastured down in the Valley of Humiliation. She lived with her friends and fellow workers Mercy and Peace in a tranquil little white cottage in the village of Much-Trembling. She loved her work and desired intensely to please the Chief Shepherd, but happy as she was in most ways, she was conscious of several things which hindered her in her work and caused her much secret distress and shame. Here is the allegorical tale of Much-Afraid, an every-woman searching for guidance from God to lead her to a higher place. *NOW AN LA TIMES BESTSELLER* *OVER ONE MILLION COPIES SOLD* *AN INTERNATIONAL BESTSELLER* If you could go back in time, who would you want to meet? In a small back alley of Tokyo, there is a café that has been serving carefully brewed coffee for more than one hundred years. Local legend says that this shop offers something else besides coffee—the chance to travel back in time. Over the course of one summer, four customers visit the café in the hopes of making that journey. But time travel isn't so simple, and there are rules that must be followed. Most important, the trip can last only as long as it takes for the coffee to get cold. Heartwarming, wistful, mysterious and delightfully quirky, Toshikazu Kawaguchi's internationally bestselling novel explores the age-old question: What would you change if you could travel back in time? Meet more wonderful characters in the sequel to *Before the Coffee Gets Cold*, *Tales from the Café*, and the third book in the series, *Before Your Memory Fades*, releasing November 15, 2022! The New York Times film critic shows why we need criticism now more than ever. Few could explain, let alone seek out, a career in criticism. Yet what A.O. Scott shows in *Better Living Through Criticism* is that we are, in fact, all critics: because critical thinking informs almost every aspect of artistic creation, of civil action, of interpersonal life. With penetrating insight and warm humor, Scott shows that while individual critics--himself included--can make mistakes and find flaws where they shouldn't, criticism as a discipline is one of the noblest, most creative, and urgent activities of modern existence. Using his own film criticism as a starting point--everything from his infamous dismissal of the international blockbuster *The Avengers* to his intense affection for Pixar's animated *Ratatouille*--Scott expands outward, easily guiding readers through the complexities of Rilke and Shelley, the origins of Chuck Berry and the Rolling Stones, the power of Marina Abramovich and 'Ode on a Grecian Urn.' Drawing on the long tradition of criticism from Aristotle to Susan Sontag, Scott shows that real criticism was and always will be the breath of fresh air that allows true creativity to thrive. "The time for criticism is always now," Scott explains, "because the imperative to think clearly, to insist on the necessary balance of reason and passion, never goes away." NEW YORK TIMES BESTSELLER • The acclaimed social psychologist challenges conventional thinking about morality, politics, and religion in a way that speaks to conservatives and liberals alike—a "landmark contribution to humanity's understanding of itself" (*The New York Times Book Review*). Drawing on his twenty-five years of groundbreaking research on moral psychology, Jonathan Haidt shows how moral judgments arise not from reason but from gut feelings. He shows why liberals, conservatives, and libertarians have such different intuitions about right and wrong, and he shows why each side is actually right about many of its central concerns. In this subtle yet accessible book, Haidt gives you the key to understanding the miracle of human cooperation, as well as the curse of our eternal divisions and conflicts. If you're ready to trade in anger for understanding, read *The Righteous Mind*. Gustav Le Bon's *The Crowd* is not only a classic, but one of the best-selling scientific books in social psychology and collective behavior ever written. Here, Le Bon analyzes the nature of crowds and their role in political movements. He presents crowd behavior as a problem of science and power, a natural phenomenon with practical implications. Originally published in 1895, Le Bon's was the first to expand the scope of inquiry beyond criminal crowds to include all possible kinds of collective phenomena. Its continuing significance is evident even in the Los Angeles riots of 1992 in which Le Bon's theories were cited in testimony. Le Bon emphasizes the various areas of modern life where crowd behavior holds sway, particularly political upheavals. He focuses on electoral campaigns, parliaments, juries, labor agitation, and street demonstrations. At the same time, his treatment of crowds is far from complimentary. He likens crowds to "primitive beings," social formations barking back to the evolutionary origins of humankind. Le Bon believed that ideas and images spread through a crowd by means of contagion, an automatic process that produces a state of transitory madness in its victims, extinguishing reason and will. Yet he does more than dwell on the pathologies of crowd life; he also writes of the heroism, the generosity, and the sacrifices of crowds, of the indispensable roles they have played in erecting the pillars of modern civilization. In a new introduction to this edition, Robert Nye presents a broad analytical understanding of the relationship between power and knowledge in crowd theory. He also discusses the historical circumstances and the various personalities who have shaped our understanding of crowds. Nye emphasizes *The Crowd's* continuing usefulness to cultural historians, psychologists, sociologists, and political scientists. He also places Le Bon in a rich tradition of European social theory. This carefully crafted ebook: "*Jane Eyre + Wuthering Heights (2 Unabridged Classics)*" is formatted for your eReader with a functional and detailed table of contents. Charlotte Brontë's most beloved novel describes the passionate love between the courageous orphan Jane Eyre and the brilliant, brooding, and domineering Rochester. The loneliness and cruelty of Jane's childhood strengthens her natural independence and spirit, which prove invaluable when she takes a position as a governess at Thornfield Hall. But after she falls in love with her sardonic employer,

her discovery of his terrible secret forces her to make a heart-wrenching choice. Ever since its publication in 1847, *Jane Eyre* has enthralled every kind of reader, from the most critical and cultivated to the youngest and most unabashedly romantic. It lives as one of the great triumphs of storytelling and as a moving and unforgettable portrayal of a woman's quest for self-respect. Born into a poor family and raised by an oppressive aunt, young Jane Eyre becomes the governess at Thornfield Manor to escape the confines of her life. There her fiery independence clashes with the brooding and mysterious nature of her employer, Mr. Rochester. But what begins as outright loathing slowly evolves into a passionate romance. When a terrible secret from Rochester's past threatens to tear the two apart, Jane must make an impossible choice: Should she follow her heart or walk away and lose her love forever? Considered by many to be Charlotte Brontë's masterpiece, *Jane Eyre* chronicles the passionate love between the independent and strong-willed orphan Jane Eyre and the dark, impassioned Mr. Rochester. Having endured a lonely and cruel childhood, orphan Jane Eyre, who is reared in the home of her heartless aunt prior to attending a boarding school with an equally torturous regime, is strengthened by these experiences. The natural independence and unbroken spirit she emerges with allows her to thrive as a governess at Thornfield Hall. It is only after she falls in love with her employer and discovers his explosive secret that she is forced to return to the poverty and isolation of her past. *Wuthering Heights* is the only published novel by Emily Brontë, written between October 1845 and June 1846 and published in July of the following year. It was not printed until December 1847 under the pseudonym Ellis Bell, after the success of her sister Charlotte Brontë's novel *Jane Eyre*. A posthumous second edition was edited by Charlotte in 1850. It is one of the world's greatest tales of unrequited love, captivating readers with its intense passion and drama. A classic novel of consuming passions, played out against the lonely moors of northern England, recounts the turbulent and tempestuous love story. The title of the novel comes from the Yorkshire manor on the moors of the story. The narrative centres on the all-encompassing, passionate, but ultimately doomed love between Catherine Earnshaw and Heathcliff, and how this unresolved passion eventually destroys them and the people around them. Examines the lure of mountains in German literature, philosophy, film, music, and culture from the Middle Ages to the twenty-first century. A reproduction of the classic text, unavailable now for more than a decade, with a new introduction by the author. *The Hite Report*, first published in 1976, was a sexual revolution in six hundred pages. To answer sensitive questions dealing with the most intimate details of women's sexuality, Hite's innovation was simple: she asked women, a lot of them, everything--and published the results. One hundred thousand women, ages fourteen to seventy-eight, were asked what they do and don't like about sex; how orgasm really feels, with and without intercourse; how it feels not to have an orgasm during sex; the importance of clitoral stimulation and masturbation; and to name the greatest pleasures and frustrations of their sexual lives, among many other questions. *The Hite Report* declares that orgasm is easy and strong for women, given the right stimulation; that most women have orgasm most easily during masturbation or clitoral stimulation by hand; that sex as we define it is a cultural institution, not a biological one; and that attitudes must change to include the stimulation women desire. In these pages, Rent offers what most theater books can't: a chance to step behind the curtain and feel the electricity of a stage phenomenon as it unfolds. Rent has single-handedly reinvigorated Broadway and taken America by storm. Sweeping all major theater awards, including the 1996 Pulitzer Prize for drama, as well as four 1996 Tony Awards including Best Musical, Best Book, and Best Score for a Musical, Rent captures the heart and spirit of a generation, reflecting it onstage through the emotion of its stirring words and music, and the energy of its young cast. Now, for the first time, Rent comes to life on the page - through vivid color photographs, the full libretto, and an utterly compelling behind-the-scenes oral history of the show's creation. Here is the exclusive and absolutely complete companion to Rent, told in the voices of the extraordinary talent behind its success: the actors, the director, the producers, and the librettist and composer himself, Jonathan Larson, whose sudden death, on the eve of the first performance, has made Rent's life-affirming message all the more poignant. *Elevations* is a series of closely related essays on the ground-breaking philosophical and theological work of Emmanuel Levinas and Franz Rosenzweig, two of the twentieth century's most important Jewish philosophers. Focusing on the concept of transcendence, Richard A. Cohen shows that Rosenzweig and Levinas join the wisdom of revealed religions to the work of traditional philosophers to create a philosophy charged with the tasks of ethics and justice. He describes how they articulated a responsible humanism and a new enlightenment which would place moral obligation to the other above all other human concerns. This elevating pull of an ethics that can account for the relation of self and other without reducing either term is the central theme of these essays. Cohen also explores the ethical philosophy of these two thinkers in relation to Nietzsche, Husserl, Heidegger, Buber, Sartre, and Derrida. The result is one of the most wide-ranging and lucid studies yet written on these crucial figures in philosophy and Jewish thought. Award-winning, critically acclaimed author Alan Gratz (*Prisoner B-3087*) returns with another gripping World War II story, this time about a spy in the Hitler Youth. *Infiltrate. Befriend. Sabotage.* World War II is raging. Michael O'Shaunessey, originally from Ireland, now lives in Nazi Germany with his parents. Like the other boys in his school, Michael is a member of the Hitler Youth. But Michael has a secret. He and his parents are spies. Michael despises everything the Nazis stand for. But he joins in the Hitler Youth's horrific games and book burnings, playing the part so he can gain insider knowledge. When Michael learns about Projekt 1065, a secret Nazi war mission, things get even more complicated. He must prove his loyalty to the Hitler Youth at all costs -- even if it means risking everything he cares about. Including... his own life. From acclaimed author Alan Gratz (*Prisoner B-3087*) comes a pulse-pounding novel about facing fears and fighting for what matters most. Read the book that inspired the movie! Sixteen-year-old Starr lives in two worlds: the poor neighbourhood where she was born and raised and her posh high school in the suburbs. The uneasy balance between them is shattered when Starr is the only witness to the fatal shooting of her unarmed best friend, Khalil, by a police officer. Now what Starr says could destroy her community. It could also get her killed. Inspired by the Black Lives Matter movement, this is a powerful and gripping novel about one girl's struggle for justice. **GOOD MORNING AMERICA BUZZ PICK** • The Pulitzer Prize-winning playwright and co-writer of *In the Heights* tells her lyrical story of coming of age against the backdrop of an ailing Philadelphia barrio, with her sprawling Puerto Rican family as a collective muse. **LONGLISTED FOR THE ANDREW CARNEGIE MEDAL** • **ONE OF THE BEST BOOKS OF THE YEAR**: NPR, New York Public Library, BookPage, and BookRiot • "Quiara Alegría Hudes is in her own league. Her sentences will take your breath away. How lucky we are to have her telling our stories."—Lin-Manuel Miranda, award-winning creator of *Hamilton* and *In the Heights* Quiara Alegría Hudes was the sharp-eyed girl on the stairs while her family danced their defiance in a tight North Philly kitchen. She was awed by her mother and aunts and cousins, but haunted by the unspoken, untold stories of the barrio—even as she tried to find her own voice in the sea of language around her, written and spoken, English and Spanish, bodies and books, Western art and sacred altars. Her family became her private pantheon, a gathering circle of powerful orisha-like women with tragic real-world wounds, and she vowed to tell their stories—but first she'd have to get off the stairs and join the dance. She'd have to find her language. Weaving together Hudes's love of music with the songs of her family, the lessons of North Philly with those of Yale, this is a multitythmic dive into home, memory, and belonging—narrated by an obsessed girl who fought to become an artist so she could capture the world she loved in all its wild and delicate beauty. Winner of the Newbery Medal, Coretta Scott King Author Award, and Kirkus Prize for Young Readers' Literature! Perfect for fans of Raina Telgemeier and Gene Luen Yang, *New Kid* is a timely, honest graphic novel about starting over at a new school where diversity is low and the struggle to fit in is real, from award-winning author-illustrator Jerry Craft. Seventh grader Jordan Banks loves nothing more than drawing cartoons about his life. But instead of sending him to the art school of his dreams, his parents enroll him in a prestigious private school known for its academics, where Jordan is one of the few kids of color in his entire grade. As he makes the daily trip from his Washington Heights apartment to the upscale Riverdale Academy Day School, Jordan soon finds himself torn between two worlds—and not really fitting into either one. Can Jordan learn to navigate his new school culture while keeping his neighborhood friends and staying true to himself? This middle grade graphic novel is an excellent choice for tween readers, including for summer reading. *New Kid* is a selection of the Schomburg Center's Black Liberation Reading List. Plus don't miss Jerry Craft's *Class Act*! *Wuthering Heights* is the name of Mr. Heathcliff's dwelling. *Wuthering* being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and

especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500 and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here the house pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

This book covers both classical and modern models in deep learning. The primary focus is on the theory and algorithms of deep learning. The theory and algorithms of neural networks are particularly important for understanding important concepts, so that one can understand the important design concepts of neural architectures in different applications. Why do neural networks work? When do they work better than off-the-shelf machine-learning models? When is depth useful? Why is training neural networks so hard? What are the pitfalls? The book is also rich in discussing different applications in order to give the practitioner a flavor of how neural architectures are designed for different types of problems. Applications associated with many different areas like recommender systems, machine translation, image captioning, image classification, reinforcement-learning based gaming, and text analytics are covered. The chapters of this book span three categories: The basics of neural networks: Many traditional machine learning models can be understood as special cases of neural networks. An emphasis is placed in the first two chapters on understanding the relationship between traditional machine learning and neural networks. Support vector machines, linear/logistic regression, singular value decomposition, matrix factorization, and recommender systems are shown to be special cases of neural networks. These methods are studied together with recent feature engineering methods like word2vec. Fundamentals of neural networks: A detailed discussion of training and regularization is provided in Chapters 3 and 4. Chapters 5 and 6 present radial-basis function (RBF) networks and restricted Boltzmann machines. Advanced topics in neural networks: Chapters 7 and 8 discuss recurrent neural networks and convolutional neural networks. Several advanced topics like deep reinforcement learning, neural Turing machines, Kohonen self-organizing maps, and generative adversarial networks are introduced in Chapters 9 and 10. The book is written for graduate students, researchers, and practitioners. Numerous exercises are available along with a solution manual to aid in classroom teaching. Where possible, an application-centric view is highlighted in order to provide an understanding of the practical uses of each class of techniques. What goes on in human beings when they make or listen to music? What is it about music, what gives it such peculiar power over us, power delectable and beneficent for the most part, but also capable of uncontrollable and sometimes destructive force? Music has no concepts, it lacks images; it has no power of representation, it has no relation to the world. And yet it is evident in all of us—we tap our feet, we keep time, hum, sing, conduct music, mirror the melodic contours and feelings of what we hear in our movements and expressions. In this book, Oliver Sacks explores the power music wields over us—a power that sometimes we control and at other times don't. He explores, in his inimitable fashion, how it can provide access to otherwise unreachable emotional states, how it can revivify neurological avenues that have been frozen, evoke memories of earlier, lost events or states or bring those with neurological disorders back to a time when the world was much richer. This is a book that explores, like no other, the myriad dimensions of our experience of and with music. An argument that social, political, and economic systems maintain power by discarding certain people, places, and things. Discard studies is an emerging field that looks at waste and wasting broadly construed. Rather than focusing on waste and trash as the primary objects of study, discard studies looks at wider systems of waste and wasting to explore how some materials, practices, regions, and people are valued or devalued, becoming dominant or disposable. In this book, Max Liboiron and Josh Lepawsky argue that social, political, and economic systems maintain power by discarding certain people, places, and things. They show how the theories and methods of discard studies can be applied in a variety of cases, many of which do not involve waste, trash, or pollution. Liboiron and Lepawsky consider the partiality of knowledge and offer a theory of scale, exploring the myth that most waste is municipal solid waste produced by consumers; discuss peripheries, centers, and power, using content moderation as an example of how dominant systems find ways to discard; and use theories of difference to show that universalism, stereotypes, and inclusion all have politics of discard and even purification—as exemplified in “inclusive” efforts to broaden the Black Lives Matter movement. Finally, they develop a theory of change by considering “wasting well,” outlining techniques, methods, and propositions for a justice-oriented discard studies that keeps power in view. WINNER OF THE 2022 PULITZER PRIZE FOR FICTION 2021 NATIONAL JEWISH BOOK AWARD WINNER A NEW YORK TIMES NOTABLE BOOK OF 2021 A WALL STREET JOURNAL BEST BOOK OF 2021 A KIRKUS BEST FICTION BOOK OF 2021 "Absorbing, delightful, hilarious, breathtaking and the best and most relevant novel I've read in what feels like forever." —Taffy Brodesser-Akner, *The New York Times Book Review* Corbin College, not quite upstate New York, winter 1959–1960: Ruben Blum, a Jewish historian—but not an historian of the Jews—is co-opted onto a hiring committee to review the application of an exiled Israeli scholar specializing in the Spanish Inquisition. When Ben Zion Netanyahu shows up for an interview, family unexpectedly in tow, Blum plays the reluctant host to guests who proceed to lay waste to his American complacencies. Mixing fiction with nonfiction, the campus novel with the lecture, *The Netanyahus* is a wildly inventive, genre-bending comedy of blending, identity, and politics that finds Joshua Cohen at the height of his powers. *Newbery Honor book *Winner of the Schneider Family Book Award This #1 New York Times bestseller is an exceptionally moving story of triumph against all odds set during World War II, from the acclaimed author of *Fighting Words*, and for fans of *Fish in a Tree* and *Sarah, Plain and Tall*. Ten-year-old Ada has never left her one-room apartment. Her mother is too humiliated by Ada's twisted foot to let her outside. So when her little brother Jamie is shipped out of London to escape the war, Ada doesn't waste a minute—she sneaks out to join him. So begins a new adventure for Ada, and for Susan Smith, the woman who is forced to take the two kids in. As Ada teaches herself to ride a pony, learns to read, and watches for German spies, she begins to trust Susan—and Susan begins to love Ada and Jamie. But in the end, will their bond be enough to hold them together through wartime? Or will Ada and her brother fall back into the cruel hands of their mother? "Achingly lovely...Nuanced and emotionally acute."—*The Wall Street Journal* "Unforgettable...unflinching."—*Common Sense Media* "Brisk and honest...Cause for celebration." —*Kirkus*, starred review "Poignant."—*Publishers Weekly*, starred review "Powerful."—*The Horn Book*, starred review "Affecting."—*Booklist* "Emotionally satisfying...[A] page-turner."—*BCCB* "Exquisitely written...Heart-lifting." —*SLJ* "Astounding...This book is remarkable."—Karen Cushman, author *The Midwife's Apprentice* "Beautifully told."—Patricia MacLachlan, author of *Sarah, Plain and Tall* "I read this novel in two big gulps."—Gary D. Schmidt, author of *Okay for Now* "I love Ada's bold heart...Her story's riveting."—Sheila Turnage, author of *Three Times Lucky* (Vocal Selections). The 2008 Broadway musical *In the Heights* explores three days in the characters' lives in the New York City Latino neighborhood of Washington Heights, with an infectious score featuring hip-hop, salsa, merengue and soul music. Our piano/vocal selections songbook features 14 tunes from the production, which won the Tony for Best Musical and Best Original Score, plus awards from the Drama Desk, Outer Critics Circle, Theatre World and more! Songs: Breathe * Enough * Everything I Know * Hundreds of Stories * In the Heights * Inutil * It Won't Be Long Now * 96,000 * No Me Diga * Paciencia Y Fe * Piragua * Sunrise * When the Sun Goes Down * When You're Home. Includes a bio of composer Lin-Manuel Miranda, and his Tony acceptance speech. 2008 Tony Winner 4 Awards, Including Best Musical and Best Original Score!
