Published By: The Math Notion www.mathnotion.com The objective of our NY State Test Prep Book for fourth grade math is to provide students, educators, and parents with practice materials focused on the core skills needed to help students succeed on the NY State Math grade 4 assessment. A student will fare better on a test when s/he has practiced and mastered the skills measured by the assessment. A student also excels when s/he is familiar with the format and structure of the test. This book helps students do both. Students can use this workbook to review key material and practice with skill-building exercises tethered to New York's Next Generation Learning Standards. They can also take fourth grade math practice tests that reflect the rigor and format of the official New York assessments. Students will become accustomed to how test content is presented, which will enhance their test-taking skills. By test day, students will feel confident and prepared to do their best on this challenging Mathematics exam. 4th Grade Math Workbook 2018 - Grade 4 Math Test Prep New York In New York, fourth grade students are required to take the NY State Math test. The end-of year math assessment determines if students have mastered fourth grade math standards set by the NYS Department of Education, and ensures that a student is getting ready for fifth grade. Practice Book for New York State Test 4th Grade Preparation for these State assessments is essential. This workbook focuses on the core skills needed to help children prepare for and succeed on NY State tests, and will give students practice in the format & content of the types of math problems they will face on the official test (including multiple choice, short response and extended response questions). What You Get When You Purchase this book Skill building exercises organized by standard to help students learn & review concepts in the order that they will be presented in the classroom. These worksheets also help identify weaknesses that need to be addressed to excel on the exam. We

include a variety of question types to help build skills in answering questions in multiple formats, so students don't get tripped up by unfamiliar questions on test day. Two NY State Practice Tests based on the official NY State math assessments. They include similar question types and the same rigorous content found on State tests. Answer keys with detailed explanations to help students not make the same mistake twice. If a student is having difficulty in one area, encourage the student to practice that specific set of skills in the relevant worksheet. Test prep tips so students approach the test strategically & with confidence.
