**Encyclopedia of Television Law Shows** Sep 09 2021 When media coverage of courtroom trials came under intense fire in the aftermath of the infamous New Jersey v. Hauptmann lawsuit (a.k.a. the Lindbergh kidnapping case,) a new wave of fictionalized courtroom programming arose to satiate the public's appetite for legal drama. This book is an alphabetical examination of the nearly 200 shows telecast in the U.S. from 1948 through 2008 involving courtrooms, lawyers and judges, complete with cast and production credits, airdates, detailed synopses and background information. Included are such familiar titles as Perry Mason, Divorce Court, Judge Judy, LA Law, and The Practice, along with such obscure series as They Stand Accused, The Verdict Is Yours Sam Benedict, Trials of O'Brien, and The Law and Mr. Jones. The book includes an introductory overview of law-oriented radio and TV broadcasts from the 1920s to the present, including actual courtroom coverage (or lack of same during those years in which cameras and microphones were forbidden in the courtroom) and historical events within TV's factual and fictional treatment of the legal system. Also included in the introduction is an analysis of the rise and fall of cable's Court TV channel.

*Science Fiction Television Series, 1990-2004* Mar 03 2021 This is a detailed examination of 58 science fiction television series produced between 1990 and 2004, from the popular The X-Files to the many worlds of Star Trek (The Next Generation onward), as well as Andromeda, Babylon 5, Firefly, Quantum Leap, Stargate Atlantis and SG-1, among others. A chapter on each series includes essential production information; a history of the series; critical commentary; and amusing, often provocative interviews with overall more than 150 of the creators, actors, writers and directors. The book also offers updates on each series' regular cast members, along with several photographs and a bibliography. Fully indexed.

**TV Guide** Dec 24 2022 This book looks at the origins and growth of television through the pages of TV Guide and covers the complete run of this American icon from the first guides in 1953 to the last issue in guide format on October 9, 2005. It includes full color reproductions of every cover ever printed, and is both a collector's guide with pricing included, and a retrospective view of the medium.

[Monopoly Television](#) Apr 16 2022 In this book, Jack Banks examines the historical development of music video as a commodity and analyzes the existing structures within which music video is produced, distributed, and exhibited on its premier music channel, MTV. }In August 1981, Music Televisionnow popularly known as MTVwas launched. Within a matter of years it revitalized a struggling record industry; made the careers of leading pop stars like Madonna, Boy George, Cyndi Lauper, and Duran Duran; infiltrated traditional network television and the movie industry; revolutionized the advertising industry; and stimulated purchases in several markets, most notably fashion apparel. The reach of MTV has proven long and profitable. In this book, Jack Banks examines the historical development of music video as a commodity and analyzes the existing structures within which music video is produced, distributed, and exhibited on its premier music channel, MTV. Who controls MTV? What part do record companies play in the financing and production of music video? How do the power brokers in the business affect the ideological content of music video? Given the tight sphere of influence within the music industry, what are the future trends for music video and for artistic freedom of expression? Banks tackles these questions in an intelligent, lively, and sophisticated investigation into one of the most influential media enterprises of our society. }

**Overcoming Celebrity Obsession** Oct 10 2021 OVERCOMING CELEBRITY OBSESSION is a star-studded journey from celebrity obsession to fulfilling life in three easy phases. When a fan is obsessed, a story character version of the celebrity is created. It is through the fan's celebrity characterization that guides the fan through Phase 1. Upon understanding why the fan was obsessed in the first place, the journey through Phase 2 begins. This is the dark part of the fan's life that the fan used the favorite celebrity to escape from. Professional counseling is not recommended in Phase 1, but can begin in Phase 2. In order to get the most from Phase 3, the fan must be able to look at parts of his or her real life and pull out the celebrity obsession. For example, every time someone couldn't communicate or understand me, I saw that as my John Travolta obsession. If I was not given a chance to help out during a particular event, that was my David Cassidy obsession. It is in Phase 3 where we discuss personal behavior and set goals both professional and personal. The typical celebrity obsession theory is, the obsession is because of hero worship. Until now, celebrity obsession therapy has been in the hands of "professionals" who have never lived through celebrity obsession. Typical celebrity obsession studies state, that obsessed people need to stop obsessing over celebrities and get on with life. Diane knows better than that. She believes the fan needs to take some time to celebrity obsess while in OVERCOMING CELEBRITY OBSESSION in order to work through what is stopping the fan from getting the most out of life. Why would you want to put your celebrity obsession into the hands of someone with an advanced college degree or two, who has never been celebrity obsessed?

*Who Shall Lead Them?* Jul 07 2021 The clergy today faces mounting challenges in an increasingly secular world, where declining prestige makes it more difficult to attract the best and the brightest young Americans to the ministry. As Christian churches dramatically adapt to modern changes, some are asking whether there is a clergy crisis as well. Whatever the future of the clergy, the fate of millions of churchgoers also will be at stake. In *Who Shall Lead Them?*, prizewinning journalist Larry Witham takes the pulse of both the Protestant and Catholic ministry in America and provides a mixed diagnosis of the calling's health. Drawing on dozens of interviews with clergy, seminarians and laity, and using newly available survey data including the 2000 Census, Witham reveals the trends in a variety of traditions. While evangelicals are finding innovative paths to ministry, the Catholic priesthood faces a severe shortage. In mainline Protestantism, ministry as a second career has become a prominent

feature. Ordination ages in the Episcopal and United Methodist churches average in the 40s today. The quest by female clergy to lead from the pulpit, meanwhile, has hit a "stained glass ceiling" as churches still prefer a man as the principal minister. While deeply motivated by the mystery of their "call" to ministry, America's priests, pastors, and ministers are reassessing their roles in a world of new debates on leadership, morality, and the powers of the mass media. *Who Shall Lead Them?* offers a valuable snapshot of this contemporary clergy drama. It will be required reading for everyone concerned about the rapidly shifting ground of our churches and the health of religion in America.

*Pink Slip Party* Oct 18 2019 She's been handed her walking papers. Jane McGregor has just been laid off from her job designing pink slips for an office supply company. The irony is not lost on her. She's a twenty-eight-year-old art major whose last major career accomplishment was being propositioned by the company vice president. Desperate to maintain her freedom from her oddball parents, tyrannical older brother, and slacker ex-boyfriend, Jane starts sending out resumes. So what if some of them aren't exactly, well, true. She's taking the future in stride. When Jane's dad, a staunchly conservative believer in the corporate dream, loses his job, and her mom goes to work for a trendy dot com, Jane discovers that the family she's taken for granted is unraveling. After a fellow lay-off victim hatches a plot to seek revenge on the office supply company, Jane must choose between living in the past and seeking out a new future. To her surprise, that future might involve a most unlikely partner in crime -- handsome, funny Kyle Burton -- and maybe, just maybe, a new job, too.

**Film & Television Coll Europe** Aug 20 2022 Published in 1995, "Film & Television" is an important contribution to Film and Media.

**The Skeptics' Guide to the Universe** Jun 18 2022 An all-encompassing guide to skeptical thinking from podcast host and academic neurologist at Yale University School of Medicine Steven Novella and his SGU co-hosts, which Richard Wiseman calls "the perfect primer for anyone who wants to separate fact from fiction." It is intimidating to realize that we live in a world overflowing with misinformation, bias, myths, deception, and flawed knowledge. There really are no ultimate authority figures--no one has the secret, and there is no place to look up the definitive answers to our questions (not even Google). Luckily, *The Skeptic's Guide to the Universe* is your map through this maze of modern life. Here Dr. Steven Novella--along with Bob Novella, Cara Santa Maria, Jay Novella, and Evan Bernstein--will explain the tenets of skeptical thinking and debunk some of the biggest scientific myths, fallacies, and conspiracy theories--from anti-vaccines to homeopathy, UFO sightings to N-rays. You'll learn the difference between science and pseudoscience, essential critical thinking skills, ways to discuss conspiracy theories with that crazy co-worker of yours, and how to combat sloppy reasoning, bad arguments, and superstitious thinking. So are you ready to join them on an epic scientific quest, one that has taken us from huddling in dark caves to setting foot on the moon? (Yes, we really did that.) DON'T PANIC! With *The Skeptic's Guide to the Universe*, we can do this together. "Thorough, informative, and enlightening, *The Skeptic's Guide to the Universe* inoculates you against the frailties and shortcomings of human cognition. If this book does not become required reading for us all, we may well see modern civilization unravel before our eyes." -- Neil deGrasse Tyson "In this age of real and fake information, your ability to reason, to think in scientifically skeptical fashion, is the most important skill you can have. Read *The Skeptics' Guide Universe*; get better at reasoning. And if this claim about the importance of reason is wrong, *The Skeptics' Guide* will help you figure that out, too." -- Bill Nye

**Osgood and Anthony Perkins** Sep 28 2020 At first glance the two actors seem worlds apart: pere Osgood the last word in worldly sophistication and fils Anthony the ultimate in incorrigible boyishness. Yet beneath the surface run common currents--a penchant for choosing risky projects, recurring problems with typecasting, a gift for fleshing out underwritten roles. Even the famous twitch runs in the family. Illustrated with more than 100 photos, this comprehensive, chronological survey of the careers of Osgood and Anthony Perkins includes not only all of their film and Broadway performances but also virtually all road, summer stock, radio and television work. Even their formative years in college productions are covered, as are Anthony's brief stints as pop singer, director, screenwriter and songwriter. Extensive credits are cited for each work. Quotes and reminiscences are interwoven into the text, written in an essay format.

**Middle School Math Course 3 Se 1999c** Jun 25 2020 A middle school math program consisting of three courses: course 1 focuses on numerical reasoning; course two focuses on proportional reasoning;; course 3 focuses on algebraic reasoning.

**Religion in Sociological Perspective** Nov 30 2020 This fully updated Sixth Edition of *Religion in Sociological Perspective* introduces students to the basic theories and methods in the field, and shows them how to apply these analytic tools to new groups they encounter. Authors Keith A Roberts and David Yamane explore three interdependent subsystems of religion--meaning, structure, and belonging--and their connections to the larger social structure. While they cover the major theoretical paradigms of the field and employ various middle-range theories to explore specific processes, they use the open systems model as a single unifying framework to integrate the theories and enhance student understanding.

*Windows Vista: The Missing Manual* Oct 22 2022 Windows Vista is Microsoft's most important software release in more than a decade. It offers users an abundance of new and upgraded features that were more than five years in the making: a gorgeous, glass-like visual overhaul; superior searching and organization tools; a multimedia and collaboration suite; and above all, a massive, top-to-bottom security-shield overhaul. There's scarcely a single feature of the older versions of Windows that hasn't been tweaked, overhauled, or replaced entirely. But when users first encounter this beautiful new operating system, there's gonna be a whole lotta head-scratchin', starting with trying to figure out which of the five versions of Vista is installed on the PC (Home, Premium, Business, Enterprise, Ultimate). Thankfully, *Windows Vista: The Missing Manual* offers coverage of all five versions. Like its predecessors, this book from New York Times columnist, bestselling author, and Missing Manuals creator David Pogue illuminates its subject with technical insight, plenty of wit, and hardnosed objectivity for beginners, veteran standalone PC users, and those who know their way around a network. Readers will learn how to: Navigate Vista's elegant new desktop Locate anything on your hard drive quickly with the fast, powerful, and fully integrated search function Use the Media Center to record TV and radio, present photos, play music, and record any of the above to DVD Chat, videoconference, and surf the Web with the vastly improved Internet Explorer 7 tabbed browser Build a network for file sharing, set up workgroups, and connect from the road Protect your PC and network with Vista's beefed up security And much more. This jargon-free guide explains Vista's features clearly and thoroughly, revealing which work well and which don't. It's the book that should have been in the box!

**The Year in Television, 2008** Feb 14 2022 In 2008, the broadcast networks, cable channels and syndication produced nearly 1,100 new and continuing entertainment programs--the most original productions in one year since the medium first took hold in 1948. This reference book covers all the first run entertainment programs broadcast over the airwaves and on cable from January 1 through December 31, 2008, including series, specials, miniseries, made-for-television movies, pilot films, Internet series and specialized series (those broadcast on gay and lesbian channels). Alphabetically arranged entries provide storylines, performer/character casts, production credits, day/month/year broadcast dates, type, length, network(s), and review excerpts.

**Freedom and Entertainment** Dec 12 2021 This is a story that Jack Valenti has long tried to keep secret. *Freedom and Entertainment* is the first book to offer a behind-the-scenes account of the motion picture rating system and the Motion Picture Association of America under Valenti's leadership. The book is based on the private papers and oral history of Richard D. Heffner, who headed the Classification and Rating Administration for two decades, from 1974 to 1994, and who was once called 'the least-known most powerful person in Hollywood.' The story chronicles the often tense working relationship between Heffner and Valenti, and the sometimes bruising encounters Heffner had with such Hollywood heavyweights as Clint Eastwood, Oliver Stone, Michael Douglas, George C. Scott, Lew Wasserman, Arthur Krim, Jerry Weintraub, and many others.
