Where am I Wearing? Nov 11 2021 A journalist travels the world to trace the origins of our clothes When journalist and traveler Kelsey Timmerman wanted to know where his clothes came from and who made them, he began a journey that would take him from Honduras to Bangladesh to Cambodia to China and back again. *Where Am I Wearing?* intimately describes the connection between impoverished garment workers' standards of living and the all-American material lifestyle. By introducing readers to the human element of globalization—the factory workers, their names, their families, and their way of life—*Where Am I Wearing* bridges the gap between global producers and consumers. New content includes: a visit to a fair trade Ethiopian shoe factory that is changing lives one job at time; updates on how workers worldwide have been squeezed by rising food costs and declining orders in the wake of the global financial crisis; and the author's search for the garment worker in Honduras who inspired the first edition of the book Kelsey Timmerman speaks and universities around the country and maintains a blog at www.wheramiwearing.com. His writing has appeared in the *Christian Science Monitor* and *Condé Nast Portfolio*, and has aired on NPR. Enlightening and thought-provoking at once, *Where Am I Wearing?* puts a human face on globalization.

Cajun Country Guide Mar 15 2022 There's just nowhere else but South Louisiana to find real knee-slapping, crowd-hooting Zydeco music. Even the big-city chefs can't cook up a Cajun meal the way they do at the roadside restaurants deep in the bayous of Acadiana. Likewise, no other guide matches the amount of in-depth information presented in *Cajun Country Guide*. It's a study of Cajuns that tells visitors how to find the sights, sounds, and flavors of one of America's most culturally unique regions. Take a vacation to a part of our own country that, in some places, didn't even speak English until nearly fifty years ago. While modern technology is weeding out some of the one-of-a-kind qualities of this subculture, not all

of them are gone, or even hard to find, if you know how to hunt for them. And there are no better hunters than authors Macon Fry and Julie Posner. With the handy maps, reviews, and recommendations packed into the *Cajun Country Guide*, a trip to the bayous won't leave one feeling like a visitor, but more like a native who has come back home.

Introduction by George WoodcockIt would not be an exaggeration to describe this book as the central work of Kropotkin's writing career. In one way or another, it occupied more than twenty years of his life. It is a work of argument and suggestion rather than dogmatic statement, and the very tentativeness of this great book make its perceptions all the more relevant. With at one time Kropotkin's view of our future might have been regarded as a Utopian dream, today, as a result of the growing realization that the world's resources of energy and raw materials are finite, that food is our most precious commodity and that people's working lives are futile and stultifying, the lessons of this book, for both the rich world and the poor, are topical and hopeful. In addition to a general introduction to the most significant aspects of Kropotkin's life and thought, George Woodcock has prepared a comprehensive afterword to each essay, allowing the reader to fully see Kropotkin's ideas in the context of the world a century later. Is the 9th volume of the *The Collected Works of Peter Kropotkin*.
