For fans of Goodnight iPad and Go the F\*\*k to Sleep, this hilarious picture-book parody satirizes helicopter parents and our culture's extreme focus on childhood achievement. It's an irresistible gift for moms and dads with a sense of humor! Are you concerned that your four-year-old is not taking Pre-K seriously? Join parents all over the world who have embraced this groundbreaking book as their new nightly routine. In this uproariously funny parody, Ronald and Mommy Rabbit get help from Adderall Aardvark, Kollege Koach Kitty, and Admission Officer Owl, who know just how to help children stop their incessant sleeping and other quaint relics of youth for a much worthier goal: the Ivy League. Make your dreams your child's dreams today! "Any truly successful parent knows that there's no time to rest: the prep school toddler down the street has already invented a new computer language! This book is guaranteed to get your kids on the right track. The Delaney family love one another dearly—it's just that sometimes they want to murder each other . . . If your mother was missing, would you tell the police? Even if the most obvious suspect was your father? This is the dilemma facing the four grown Delaney siblings. The Delaneys are fixtures in their community. The parents, Stan and Joy, are the envy of all of their friends. They're killers on the tennis court, and off it their chemistry is palpable. But after fifty years of marriage, they've finally sold their famed tennis academy and are ready to start what should be the golden years of their lives. So why are Stan and Joy so miserable? The four Delaney children—Amy, Logan, Troy, and Brooke—were tennis stars in their own right, yet as their father will tell you, none of

them had what it took to go all the way. But that's okay, now that they're all successful grown-ups and there is the wonderful possibility of grandchildren on the horizon. One night a stranger named Savannah knocks on Stan and Joy's door, bleeding after a fight with her boyfriend. The Delaneys are more than happy to give her the small kindness she sorely needs. If only that was all she wanted. Later, when Joy goes missing, and Savannah is nowhere to be found, the police question the one person who remains: Stan. But for someone who claims to be innocent, he, like many spouses, seems to have a lot to hide. Two of the Delaney children think their father is innocent, two are not so sure—but as the two sides square off against each other in perhaps their biggest match ever, all of the Delaneys will start to reexamine their shared family history in a very new light. A hardened cynic and a hopeless romantic teach each other about love in this swoony and heartfelt romance that's perfect for fans of *Tweet Cute* and *The Upside of Falling*. Harper works in her mom's wedding shop, altering dresses for petulant and picky brides who are more focused on hemlines than love. After years of watching squabbles break out over wedding plans, Harper thinks romance is a marketing tool. Nothing more. Her best friend Theo is her opposite. One date and he's already dreaming of happily-ever-afters. He also plays the accordion, makes chain mail for Ren Festers, hangs out in a windmill-shaped tree house, cries over rom-coms, and takes his word-of-the-day calendar very seriously. When Theo's shocked to find himself nursing his umpteenth heartbreak, Harper offers to teach him how not to fall in love. Theo agrees to the lessons, as long as Harper proves she can date without falling in love. As the lessons progress and Theo takes them to heart, Harper has a harder time upholding her end of the bargain. She's also checking out her window to see if Theo's home from his latest date yet. She's even watching rom-coms. If she confesses her feelings, she'll undermine everything she's taught him. Or was he the one teaching her? NEW YORK TIMES BESTSELLER • "Vital reading for Americans and people anywhere who seek to understand what is happening ' after the fall ' of the global system created by the United States" (New York Journal of Books), from the former White House aide, close confidant to President Barack Obama, and author of *The World as It Is* At a time when democracy in the United States is endangered as never before, Ben Rhodes spent years traveling the world to understand why. He visited dozens of countries, meeting with politicians and activists confronting the same nationalism and authoritarianism that are tearing America apart. Along the way, he discusses the growing authoritarianism of Vladimir Putin, and his aggression towards Ukraine, with the foremost opposition leader in Russia, who was subsequently poisoned and imprisoned; he profiled Hong Kong protesters who saw their movement snuffed out by China under Xi Jinping; and America itself reached the precipice of losing democracy before giving itself a fragile second chance. The characters and issues that Rhodes illuminates paint a picture that shows us where we are today—from Barack Obama to a rising generation of international leaders; from the authoritarian playbook endangering democracy to the flood of disinformation enabling authoritarianism. Ultimately, Rhodes writes personally and powerfully about finding hope in the belief that looking squarely at where America has gone wrong can make clear how essential it is to fight for what America is supposed to be, for our own country and the entire world. This is a book about Mark E. Smith and The Fall - or more precisely, their ever-influential world. The Fall were so many things, so many worlds; if you got it (and not everyone did), they represented everything. 'To 50,000 Fall Fans: please buy this inspired & inspiring, profound & provocative, beautiful & bonkers Book of Revelations, choc-stock-full of loving Acts by true Apostles, simultaneously both the scrapbook you wished you'd kept and a portal to futures & pasts, known & unknown, & a Fantastic Celebration of this Nation's Saving Grace.' DAVID PEACE 'Mind blowing... brilliant.' TIM BURGESS 'A container sized treasure trove bursting at the hinges with strangeness and wonder . . . I strongly advise you to buy it.' MAXINE PEAKE This is not a book about a rock band. This is not even a book about Mark E Smith. This is a book about The Fall group - or more precisely, their world. Over a prolific forty-year career, the Fall created a world that was influential, idiosyncratic and fiercely original - and defied simple categorisation. Their frontman and lyricist Mark E. Smith spun opaque tales that resisted conventional understanding; the Fall's worldview was an education in its own right. Who wouldn't want to be armed with a working knowledge of M. R. James, shipping-dock procedures, contemporary dance, Manchester City and Can? The group inspired and shaped the lives of those who listened to and tried to make sense of their work. Bringing together

previously unseen artwork, rare ephemera and handwritten material, alongside essays by a slate of fans, EXCAVATE! is a vivid, definitive record - an illumination of the dark corners of the Fall's wonderful and frightening world. Rena goes on vacation with Tomoya, hoping their trip will be a romantic getaway. Rena wants to further their relationship, but does Tomoya want the same thing? How do I hate thee? Let me count the ways... Aubrey Cash learned the hard way not to rely on love. After all, Webster Casey, the new boy next door she'd been falling for all summer, stood her up at homecoming in front of everyone with no explanation. Proving her theory that love never lasts seems easy when she's faced with parents whose marriage is falling apart and a best friend who thinks every boy she dates is "the one." But when sparks fly with a boy who turns out to be Webster's cousin, and then Webster himself becomes her lab partner for the rest of senior year, Aubrey finds her theory—and her commitment to stay single—put to the test. As she navigates the breakdown of her family, the consequences her cynicism has on her relationship with her best friend, and her own confusing but undeniable feelings for Webster, Aubrey has to ask herself: What really happened the night Webster stood her up? And if there are five ways to fall out of love...could there perhaps be even more ways to fall back in? A tree tells why, out of all four seasons, autumn is the hardest. Here, from bestselling author Leil Lowndes, is a surefire guide to love for anyone seeking romantic bliss. In *How to Make Anyone Fall in Love with You* readers will find 85 techniques based on scientific studies regarding the nature of love, including: Finding potential love partners Making an unforgettable first impression Dodging "love bloopers" Establishing sexual rapport By using these pragmatic, down-to-earth strategies, anyone can turn new or casual relationships into lasting ones--or make current relationships deeper. "A beautifully written and well-researched cultural criticism as well as an honest memoir" (Los Angeles Review of Books) from the author of the popular New York Times essay, "To Fall in Love with Anyone, Do This," explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, "Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation" (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists' research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she'd read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. "Perfect fodder for the romantic and the cynic in all of us" (Booklist), *How to Fall in Love with Anyone* flips the script on love. "Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship" (The Toronto Star). Britta Colby works for a lifestyle website, and when tasked to write about her experience with a hot new body-positive fitness app that includes personal coaching, she knows it's a major opportunity to prove she should write for the site full-time. He decides to get back to what he loves—coaching. Britta's his first new client and they click immediately. As weeks pass, she's surprised at how much she enjoys experimenting with her exercise routine. He's surprised at how much he looks forward to talking to her every day. They convince themselves their attraction is harmless, but when they start working out in person, Wes and Britta find it increasingly challenging to deny their chemistry and maintain a professional distance. Walking away from each other is the smartest thing to do, but running side by side feels like the start of something big. Tabloid-writer Harper Rostov breaks up with her boyfriend only to fall into the arms of Nick Cavallaro---certified punk-rock God who is considered a genius by fans and critics alike. Plotted with precise timing and set against an incredibly vivid portrait of the ever-changing East Village, *Falling Is Like This* is a comedic and touching account of the whirlwind affair with a rock star every girl dreams about. When Lawrence Fox's teacher announces that students will be presenting their collections at show-and-tell, Lawrence realizes he doesn't have anything to share. Luckily, Papa knows just what to do to help! Together, they venture into the woods. Lawrence is scared at first, but as he grows comfortable in the forest, he starts to recognize its magic, and how beautiful and unique each tree and leaf is, allowing him to gather a splendid, one-of-a-kind collection of his own! *THINGS FALL APART* tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. *THINGS FALL APART* is the most illuminating and permanent monument we have to the modern African experience as seen from within. "I'm afraid I'm going to spend the rest of my life loving you for this. For everything." Elle's fairy-tale is simple: job, man, cottage by the sea. She just ticked the first thing off the list: a dreamy new job planning guest experiences for OrbitAll, the world's first space tourism company. Cottage by the sea? More like an apartment in California's Mojave Desert. And the only man in her life is Chen, OrbitAll's

annoying new astronaut, who also happens to be her (loud) upstairs neighbor. Chen's always hated boundaries. He became an astronaut so not even gravity could hold him back. Unfortunately, his parents can. As the oldest son in a Chinese family, his fate has been decided since birth. When Chen gets an incredible offer from a space tourism company in America, he ditches his duties-for now. There he meets Elle, the eye-rolling beauty who lives and works ways too close. With her wild hair and fast car, she looks like freedom. Tastes like it, too. Together, Elle and Chen are hotter than the center of the sun. And then there is the moment of triumph, when there's nothing above you but sky and nothing below but a goal achieved. Ashima Shiraishi draws on her experience as a world-class climber in this story that challenges readers to tackle the problems in their own lives and rise to greater heights than they would have ever thought possible.
