The Right Place Aug 21 2022 A squirrel wakes from hibernation feeling something is wrong with his home, and after consulting his forest

friends realizes that their community is what makes a place right.

The Masterpiece Dec 25 2022

The Masterpiece is the tragic story of Claude Lantier, an ambitious and talented young artist from the provinces who has come to conquer Paris and is conquered by the flaws in his own genius. While his boyhood friend Pierre Sandoz becomes a successful novelist, Claude's originality is mocked at the Salon and turns gradually into a doomed obsession with one great canvas. Life - in the form of his model and wife Christine and their deformed child Jacques - is sacrificed on the altar of Art. The Masterpiece is the most autobiographical of

the twenty novels in Zola's Rougon-Macquart series. Set in the 1860s and 1870s, it provides a unique insight into his career as a writer and his relationship with Cézanne, a friend since their schooldays in Aix-en-Provence. It also presents a well-documented account of the turbulent Bohemia world in which the Impressionists came to prominence despite the conservatism of the Academy and the ridicule of the general public. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment

to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

[The Reign of Cleopatra](#) Nov 24 2022 An engaging, accessible biography of the legendary Egyptian queen, with source documents Ambitious, intelligent, and desired by

powerful men, Cleopatra VII came to power at a time when Roman and Egyptian interests increasingly concerned the same object: Egypt itself. Cleopatra lived and reigned at the center of this complex and persistent power struggle. Her legacy has since lost much of its former political significance, as she has come to symbolize instead the potent force of female sexuality and power. In this engaging and multifaceted account, Stanley M. Burstein displays Cleopatra in the full manifold brilliance of the multiple cultures, countries, and people that surrounded her throughout her compelling life, and in so doing develops a stunning picture of a legendary

queen and a deeply historic reign. Designed as an accessible introduction to Cleopatra VII and her time, *The Reign of Cleopatra* offers readers and researchers an appealing mix of descriptive chapters, biographical sketches, and annotated primary documents. The narrative chapters conclude with a discussion of Cleopatra's significance as a person, a queen, and a symbol. A glossary and annotated bibliography round out the volume.

Cross-linguistic Semantics May 06 2021 Cross-linguistic semantics □ investigating how languages package and express meanings differently □ is

central to the linguistic quest to understand the nature of human language. This set of studies explores and demonstrates cross-linguistic semantics as practised in the natural semantic metalanguage (NSM) framework, originated by Anna Wierzbicka. The opening chapters give a state-of-the-art overview of the NSM model, propose several theoretical innovations and advance a number of original analyses in connection with names and naming, clefts and other specificational sentences, and discourse anaphora. Subsequent chapters describe and analyse diverse phenomena in ten languages from multiple families,

geographical locations, and cultural settings around the globe. Three substantial studies document how the metalanguage of NSM semantic primes can be realised in languages of widely differing types: Amharic (Ethiopia), Korean, and East Cree. Each constitutes a lexicogrammatical portrait in miniature of the language concerned. Other chapters probe topics such as inalienable possession in Koromu (Papua New Guinea), epistemic verbs in Swedish, hyperpolysemy in Bunuba (Australia), the expression of "momentariness" in Berber, ethnogeometry in Makasai (East Timor), value concepts in

Russian, and  virtuous emotions  in Japanese. This book will be valuable for linguists working on language description, lexical semantics, or the semantics of grammar, for advanced students of linguistics, and for others interested in language universals and language diversity.

Education 2.0 Jan 14 2022

Thirty years of spirited school reforms have failed to improve our schools and instead have left our public school systems in disarray. Meanwhile, employment prospects for high school and college graduates are fading, and the public is losing faith in its schools. The

education paradigm inherited from the Industrial Era is in crisis. In the last decade, however, the Internet and new Web 2.0 technologies have placed the entirety of human knowledge in the hands of everyone. What will our educational institutions make of this unprecedented flood of Web-based learning resources? How can schools be transformed to accommodate the new possibilities for personal and social learning? Leonard Waks gathers all the pieces of our current educational puzzle together in this groundbreaking book. Drawing on new organizational models grounded in complexity theory, Waks maps out an

inspiring new paradigm for education in the Internet age, and connects all the dots in constructing detailed models for new schools-now transformed into "open learning centers." Finally, Waks details action steps readers can take to speed this transformative process along in their own locations.

The Most Important Thing

Jun 19 2022 The animals of the forest have assembled to discuss what is the most important thing: to have a trunk like an elephant, quills like a porcupine, or a long neck like a giraffe? Naturally, every animal is convinced that its particular trait is the most important one and that everyone should have it. But when the double pages open to show all the animals with the quills of a porcupine, the long neck of a giraffe, or the trunk or the elephant, everyone must agree that the true importance lies precisely in their collective 'diversity'. It is that which

makes them all unique and essential to life of the forest. The Most Important Thing received a UNESCO honorable mention for peace and collaboration. An important message of diversity and inclusion delivered in the form of a charming modern fable. [Every House Needs a Balcony](#) May 26 2020 Hailed as the "Israeli Kite Runner" (The Bookseller), this international bestseller and publishing phenomenon is the bittersweet story of one family, one home, and the surprising arc of one woman's life, from the poverty of her youth to the glowing love and painful losses of her adult years. Braiding together past and present, Every House

Needs a Balcony tells the story of a young Jewish girl—a child of Romanian immigrants—who lives with her family in the poverty-stricken heart of 1950s Haifa, Israel. Eight-year-old Rina, her older sister, and their parents inhabit a cramped apartment with a narrow balcony that becomes an intimate shared stage on which the joys and dramas of the building's daily life are played out. It is also a vantage point from which Rina witnesses the emergence of a strange new country, born from the ashes of World War II. Later, after years of living abroad with her wealthy Spanish husband in Barcelona, Rina, longing for the simple life she has missed,

returns to the Haifa of her boisterous youth, a move that soothes her soul but ultimately endangers her marriage. Beautifully told, rich with questions of identity, love, and survival, Every House Needs a Balcony is an unforgettable social and historical portrait of a neighborhood and a nation. Steeped in the colors and smells, laughter and tears, of Rina Frank's own childhood memories, it is a heartbreaking tale about the deepest meanings of home.

Malala, a Brave Girl from Pakistan/Iqbal, a Brave Boy from Pakistan Jan 26 2023

Multilingual Sydney Oct 11 2021 The rise of global mobility has had a deep impact on the study of urban multilingualism. Once associated with research on minority speech communities and inner-city ethnolinguistic enclaves (Chinatowns, Little Italies, etc), it is now concerned much more

with the use of multiple languages in diverse neighbourhoods across the city. In this book the authors take an innovative approach that builds on previously published work in two ways. First, it focuses on a single city and, second, it adopts a multidisciplinary approach to multilingualism. By examining the phenomenon of multilingualism in a single city from a range of perspectives this book paints a more comprehensive picture of the current dimensions of urban multilingualism. A unique feature of this book is the inclusion of contributions from scholars with expertise in education, geography, media, health communication and

international studies, in addition to community practitioners. Sydney is the largest city in Australia and, on most counts, it is also among the most linguistically diverse cities in the world. As such it is an ideal site for a multidisciplinary study of urban multilingualism. The selection of 18 multidisciplinary case studies on multilingualism in Sydney, Australia represents some of the strongest and most innovative research on urban multilingualism in the world today. This book examines how multilingualism permeates institutional and everyday practice in the city, raising important questions about

what a 'multilingual city' can and should be.

Live Oak, with Moss Mar 04 2021 As he was turning forty, Walt Whitman wrote twelve poems in a small handmade book he entitled "Live Oak, With Moss." The poems were intensely private reflections on his attraction to and affection for other men. They were also Whitman's most adventurous explorations of the theme of same-sex love, composed decades before the word "homosexual" came into use. This revolutionary, extraordinarily beautiful and passionate cluster of poems was never published by Whitman and has remained unknown to the general

public—until now. New York Times bestselling and Caldecott Award-winning illustrator Brian Selznick offers a provocative visual narrative of "Live Oak, With Moss," and Whitman scholar Karen Karbiener reconstructs the story of the poetic cluster's creation and destruction. Walt Whitman's reassembled, reinterpreted Live Oak, With Moss serves as a source of inspiration and a cause for celebration.

The Adventures of Pinocchio by Carlo Collodi Illustrated Edition Apr 24 2020 "The story of the wooden puppet who learns goodness and becomes a real boy is famous the world over, and has been

familiar in English for over a century. From the moment Joseph the carpenter carves a puppet that can walk and talk, this wildly inventive fantasy takes Pinocchio through countless adventures, in the course of which his nose grows whenever he tells a lie, he is turned into a donkey, and is swallowed by a dogfish, before he gains real happiness. This new translation does full justice to the vibrancy and wit of Collodi's original. Far more sophisticated, funny, and hard-hitting than the many abridged versions (and the sentimentalized film) of the story would suggest, Ann Lawson Lucas's translation captures the complexity of

Collodi's word-play, slapstick humour, and immediacy of dialogue. An adult reader will recognize social and political satire, and the invaluable introduction and notes illuminate the cultural traditions on which Collodi drew"

The Medieval Girdle Book

Feb 03 2021 Between the 14th and 16th centuries a little-known book format, now called the girdle book, was used throughout various European countries. 'The girdle book' is distinguished by a cover that extends beyond the limits of the book itself and may end in a knot, hook or ring, or may be left unattached. By this extension the book was hung

from the belt with its head down, so when swung up it could be read without detaching it from the belt. Today there are only twenty-six known examples identified and documented in collections worldwide. In 'The Medieval Girdle Book', the author provides a comprehensive look at these extremely rare books. A study of this scope, which contributes significantly to the information available has been lacking until now and makes this the first thorough treatment of all so far known girdle books. The author has examined each book in detail, documented its historical context, provenance, owner(s) or institutions

associated with it, and described each from the bookbinder's perspective, including the materials and processes of their construction. Contrary to previous assumptions that only clerics and the religious used girdle books, 'The Medieval Girdle Book' shows they also contain legal, medical, and philosophical contents.

I know that there is. So I will speak to you from the knowing that I possess." Ram Dass, in the introduction, says: "Being with Emmanuel one comes to

appreciate the vast evolutionary context in which our lives are being lived . . . And at each moment we are at just the right place in the journey. As Emmanuel points out, 'Who you are is a necessary step to being who you will be.'"

CAFO Dec 21 2019 CAFO provides an unprecedented view of Concentrated Animal Feeding Operations where an increasing percentage of the world's meat, milk, eggs, and fish are produced. As the photos and essays in this powerful book demonstrate, the rise of the CAFO industry has become one of the most pressing issues of our time. Industrial livestock production

is now a leading source of climate changing emissions, a source of water pollution, and a significant contributor to diet-related diseases, and the spread of food-borne illnesses. The intensive concentrations of animals in such cramped and filthy conditions dependent on antibiotic medicines and steady streams of subsidized industrial feeds poses serious moral and ethical considerations for all of us. CAFO takes readers on a behind-the-scenes journey into the alarming world of animal factory farming and offers a compelling vision for a food system that is humane, sound for farmers and communities, and safer for both consumers and the environment.

Isaac's Torah Dec 01 2020 This novel is the saga in five parts of Isaac Jacob Blumenfeld, who grows up in Kolodetz, a small town near Lvov, which, when he's a boy, belongs to the Hapsburg Empire, but which subsequently belongs to Poland, Soviet Russia, Germany, and then Russia

again. Isaac survives the absurdity and horror of Eastern Europe during the 20th century by pretending to be a fool. If this is an old Jewish art, then Isaac is a consummate artist. He plays the fool all his life, from his boyhood in Kolodetz shetl to the time when he is an accused war criminal in a Gulag in Siberia. Inseparable from Isaac's life and story are the Yiddish jokes and fables of Kolodetz. These and the counsel of his dear friend, the rabbi and chair of the atheist club in Kolodetz, Shmuel Ben David, sustain Isaac through two world wars, three concentration camps, and five motherlands. The book puts on record, with full art, what is

perhaps the central story of the last one hundred years. It is a wise book.
