*La vie du prince noir* Sep 04 2021 The book series Beihefte zur Zeitschrift für romanische Philologie, founded by Gustav Gröber in 1905, is among the most renowned publications in Romance Studies. It covers the entire field of Romance linguistics, including the national languages as well as the lesser studied Romance languages. The editors welcome submissions of high-quality monographs and collected volumes on all areas of linguistic research, on medieval literature and on textual criticism. The publication languages of the series are French, Spanish, Portuguese, Italian and Romanian as well as German and English. Each collected volume should be as uniform as possible in its contents and in the choice of languages.

Nazi Paris Nov 06 2021 Basing his extensive research into hitherto unexploited archival documentation on both sides of the Rhine, Allan Mitchell has uncovered the inner workings of the German military regime from the Wehrmacht's triumphal entry into Paris in June 1940 to its ignominious withdrawal in August 1944. Although mindful of the French experience and the fundamental issue of collaboration, the author concentrates on the complex problems of occupying a foreign territory after a surprisingly swift conquest. By exploring in detail such topics as the regulation of public comportment, economic policy, forced labor, culture and propaganda, police activity, persecution and deportation of Jews, assassinations, executions, and torture, this study supersedes earlier attempts to investigate the German domination and exploitation of wartime France. In doing so, these findings provide an invaluable complement to the work of scholars who have viewed those dark years exclusively or mainly from the French perspective.

*La Tulipe Noire* Dec 07 2021 Cornelius von Baerle, a respectable tulip-grower, lives only to cultivate the elusive black tulip and win a magnificent prize for its creation. But after his powerful godfather is assassinated, the unwitting Cornelius becomes caught up in deadly political intrigue and is falsely accused of high treason by a bitter rival. Condemned to life imprisonment, his only comfort is Rosa, the jailer's beautiful daughter, and together they concoct a plan to grow the black tulip in secret. Dumas' last major historical novel is a tale of romantic love, jealousy and obsession, interweaving historical events surrounding the brutal murders of two Dutch statesman in 1672 with the phenomenon of tulipomania that gripped seventeenth-century Holland.

**Beckett Versus Beckett** Jul 22 2020 Au cours des sept années d'existence de notre revue, nous avons pu être témoins d'un bon nombre de controverses concernant l'oeuvre de Beckett, que ce soit au sujet des publications posthumes ou bien par rapport aux représentations de ses pièces. Plus généralement, il existe aussi quantité de controverses portant sur la genèse et la transmission de ses textes, ses propres traductions inclus. Enfin, dans la recherche beckettienne récente, on peut repérer diverses controverses sur les rapports qu'entretient cette oeuvre avec les perspectives et les stratégies postmodernes entre autres. Nous publions dans notre 'numéro sept' 31 approches fort variées de cette problématique par autant de beckettians chevronnés.

**France in the Second World War** Sep 23 2020 During 1940-1944, the citizens of France and its Empire endured the 'dark years' of invasion, persecution and foreign occupation. Thousands of men, women and children suffered arrest, deportation and death as the French Vichy regime worked to secure a place for France in Hitler's New Order. France in the Second World War is a wide-ranging yet succinct introduction to the French experience of the Second World War and its aftermath. It examines the fall of France in 1940 and the founding of the Vichy regime, as well as collaboration, resistance, everyday life, the Holocaust, the Liberation and the echoes of the period in contemporary France. Chris Millington addresses the chief topics in chapters that synthesizes the key points of the history and the historiography. The French Empire is carefully integrated throughout, illustrating the global impact of events on mainland France. In addition, Millington provides a helpful glossary of terms, personalities and movements from the period and an annotated bibliography of English-language sources to guide students to the most relevant works in the area. France in the Second World War provides a comprehensive introduction to the history and historiography of France and its Empire during their darkest hours.

**Canada : Images D'une Société Post/nationale** Apr 30 2021 Has Canada moved beyond the nation state into the world of the post-national? To what extent have fixed notions of Canadian nationhood been replaced by a more global, decentralized sense of identification? Is

nationhood (or post-nationhood) best expressed by statelessness and exile or by belonging? Or can Canadian national identity in fact fruitfully coexist with the post-national consciousness? These are some of the issues covered by this volume, issues seen from a range of perspectives - literary, cultural, political and economic. In the literary sphere the national/post-national debate is explored both through canonical writers, such as L. M. Montgomery, Stephen Leacock, and Marie-Claire Blais, and through recent First Nations, Asian-Canadian, African-Canadian, Ukrainian-Canadian and Quebec writing. The political and economic range is equally diverse, covering such topics as immigration policy, multiculturalism, Canadian-American relations, tourist imaginings of the Canadian North, the Canadian city, and Quebec nationalism. The book brings together 27 original articles from international scholars and creative writers, offering both European and Canadian perspectives. Six articles in French focus specifically on the francophone sphere.

**Marianne in Chains** Feb 09 2022 A startling and original view of the occupation of the French heartland, based on a new investigation of everyday life under Nazi rule In France, the German occupation is called simply the "dark years." There were only the "good French" who resisted and the "bad French" who collaborated. Marianne in Chains, a broad and provocative history, uncovers a rather different story, one in which the truth is more complex and humane. Drawing on previously unseen archives, firsthand interviews, diaries, and eyewitness accounts, Robert Gildea reveals everyday life in the heart of occupied France. He describes the pressing imperatives of work, food, transportation, and family obligations that led to unavoidable compromise and negotiation with the army of occupation. In the process, he sheds light on such subjects as forced labor, the role of the Catholic Church, the "horizontal collaboration" between French women and German soldiers, and, most surprisingly, the ambivalent attitude of ordinary people toward the Resistance. A great work of reconstruction, Marianne in Chains provides a clear view, unobscured by romance or polemics, of the painful ambiguities of living under tyranny.

**Renegotiating French Identity** Mar 30 2021 In *Renegotiating French Identity*, Jane Fulcher addresses the question of cultural resistance to the German occupation and Vichy regime during the Second World War. Nazi Germany famously stressed music as a marker of national identity and cultural achievement, but so too did Vichy. From the opera to the symphony, music did not only serve the interests of Vichy and German propaganda: it also helped to reveal the motives behind them, and to awaken resistance among those growing disillusioned by the regime. Using unexplored Resistance documents, from both the clandestine press and the French National Archives, Fulcher looks at the responses of specific artists and their means of resistance, addressing in turn Pierre Schaeffer, Arthur Honegger, Francis Poulenc, and Olivier Messiaen, among others. This book investigates the role that music played in fostering a profound awareness of the cultural and political differences between conflicting French ideological positions, as criticism of Vichy and its policies mounted.

**Le vivre ensemble** Oct 25 2020 Fondée sur des centaines d'entretiens, cette recherche sur la perception de la couleur noire s'inscrit dans un parcours d'une grande richesse, allant d'une vision esthétique et même artistique, à l'émergence de réflexions autour des valeurs symboliques portées par cette couleur dans la vie de tout un chacun, conduisant le lecteur sur des terrains très divers, sociaux, politiques, religieux ou encore linguistiques. Cet ouvrage s'interroge ainsi sur l'instauration du vivre ensemble, au-delà des tensions sociales nées d'une incapacité à comprendre l'Autre.

**The Free World** Oct 05 2021 "An engrossing and impossibly wide-ranging project . . . In *The Free World*, every seat is a good one." —Carlos Lozada, *The Washington Post* "The *Free World* sparkles. Fully original, beautifully written . . . One hopes Menand has a sequel in mind. The bar is set very high." —David Oshinsky, *The New York Times Book Review* | Editors' Choice One of *The New York Times's* 100 best books of 2021 | One of *The Washington Post's* 50 best nonfiction books of 2021 | A *Mother Jones* best book of 2021 In his follow-up to the Pulitzer Prize-winning *The Metaphysical Club*, Louis Menand offers a new intellectual and cultural history of the postwar years The Cold War was not just a contest of power. It was also about ideas, in the broadest sense—economic and political, artistic and personal. In *The Free World*, the acclaimed Pulitzer Prize-winning scholar and critic Louis Menand tells the story of American culture in the pivotal years from the end of World War II to Vietnam and shows how changing economic, technological, and social forces put their mark on creations of the mind. How did elitism and an anti-totalitarian skepticism of passion and ideology give way to a new sensibility defined by freewheeling experimentation and loving the Beatles? How was the ideal of "freedom" applied to causes that ranged from anti-communism and civil rights to radical acts of self-creation via art and even crime? With the wit and insight familiar to readers of *The Metaphysical Club* and his *New Yorker* essays, Menand takes us inside Hannah Arendt's Manhattan, the Paris of Jean-Paul Sartre and Simone de Beauvoir, Merce Cunningham and John Cage's residencies at North Carolina's Black Mountain College, and the Memphis studio where Sam Phillips and Elvis Presley created a new music for the American teenager. He examines the post war vogue for French existentialism, structuralism and post-structuralism, the rise of abstract expressionism and pop art, Allen Ginsberg's friendship with Lionel Trilling, James Baldwin's transformation into a Civil Right spokesman, Susan Sontag's challenges to the New York Intellectuals, the defeat of obscenity laws, and the rise of the New Hollywood. Stressing the rich flow of ideas across the Atlantic, he also shows how Europeans played a vital role in promoting and influencing American art and entertainment. By the end of the Vietnam era, the American government had lost the moral prestige it enjoyed at the end of the Second World War, but America's once-despised culture had become respected and adored. With unprecedented verve and range, this book explains how that happened.

**Remembering and Representing the Experience of War in Twentieth-century France** May 20 2020 This work analyzes the representation of the experience of war in 20th-century France. The Roman Noir in Post-war French Culture Dec 19 2022 All the novelists studied were published initially in popular collections, such as the Serie noire, but they have been chosen for the innovation of their work and the exciting ways in which they resist tired conventions and offer new ways of representing social reality." "One of the first English-language studies of this popular genre, The Roman Noir in Post-War French Culture offers much more than close readings of these fascinating texts; it demonstrates the important contribution of the roman noir to the cultural histories of post-war France."--Jacket.
