Active Trend Trading Trade Journal and Trading Log 2019 Looking for a simple and effective way to improve your trading and investing? As Peter Drucker says, "What gets measured gets improved." We designed the original desk size 8.5"x11" version of the Trade

& Trading Log from ActiveTrendTrading.com specifically for the needs of swing trading, trend trading, and options trading, with the goal of tracking trades to measure and improve trading consistency and profitability. Most traders struggle with that goal because they are someone lost in a fog. This journal helps provide clarity on all the information your broker's trade confirmations or profit & loss reports leaves out: Your thoughts, feelings, and processes before and during a trade. This journal uses large, clear sections to make all information organized. It's simple to use for tracking your trading activity. And with the extra diligence you give to your process will lead to multiplying your account.

Journal includes three main sections: Rules, Routines, & Goals; Trade Checklist & Journal Pages; Trade Log. Also includes example trading rules and routines that you are free to use or adapt to your style. Because we firmly believe in trading according to defined rules and a complete system, we've designed the trade checklist & journal in section two to cover our 5 Pillars of Any Successful Trading System: What to Trade, When to Enter, When to Exit, Strategy Expectation, They act like a pre-flight checklist for pilots, or a game plan for sports teams. The Trade Log is a short-hand, quick view of your trading results and progress. You'll also get access to free trade spreadsheets that help you evaluate and record trades digitally to supplement your paper trading log.
