Problems and Measurement Techniques"* Livorno (Italy) June 2020 Changing Landscapes

The 8th International Symposium "Monitoring of Mediterranean Coastal Areas. Problems and Measurements Techniques" was organized by CNR-IBE in collaboration with FCS Foundation, and Natural History Museum of the Mediterranean and under the patronage of University of Florence, Accademia dei Geografi, Tuscany Region and Livorno Province. It is the occasion in which scholars can illustrate and exchange their activities and innovative proposals, with common aims to promote actions to preserve coastal marine environment. Considering Symposium interdisciplinary nature, the Scientific Committee, underlining this holistic view of Nature, decided to celebrate Alexander von Humboldt; a nature scholar that proposed the organic and inorganic nature's aspects as a single system. It represents a sign of continuity considering that in-presence Symposium could not be carried out due to the COVID-19 pandemic restrictions. Subjects are related to coastal topics: morphology; flora and fauna; energy production; management and integrated protection; geography and landscape, cultural heritage and environmental assets, legal and economic aspects. Shpendi Sollaku Noé's poetry delves into meat, bone, and blood. He uses verses to pound on a stone to get at the truth; and he succeeds perfectly, coordinating style and synthesis. Before understanding, the reader feels. He sees himself in a forest without trees, praising the trees that are not there anymore, but through the force of the poetry, for a moment, the reader perceives the landscape as it was before the disappearance of the trees. Scenes, murals, puzzles that are fiction remind the reader of desolation, remorse, opaque hopes- "The empty apocalypse." Paradoxismul este o mi?care interna?ional? de avangard? în literatur?, art?, filozofie, chiar ?i în ?tiin??. bazat? pe folosirea excesiv? de antiteze, antinomii, contradic?ii, oximorone, parabole, invers?ri sau devieri de sensuri, interpret?ri de la figurativ la propriu, paradoxuri etc. în crea?ie. A fost înfiin?at de c?tre scriitorul, artistul ?i omul de ?tiin?? Florentin Smarandache, în anii 1980, în România, dorind l?rgirea sferei artistice prin elemente neartistice ?i prin experimente contradictorii; în special crea?ie în contra-timp, contra-sens. Primul manifest paradoxist a fost publicat în limba francez?, în anul 1983, în prima carte paradoxist?, Le Sens du Nonsens / Sensul Nonsensului, ap?rut? în Maroc. Ini?iatorul paradoxismului împreun? cu Andru?a R. V?tuiu propun acum publicului exprimarea paradoxismului în sociologie. This monograph is a comparative study of the Saline area and of the Aeolian Islands dioceses' settlement in Late Antiquity and in the Early Middle ages.
