New York Times best-selling author Cynthia Leitich Smith turns to realistic fiction with the thoughtful story of a Native teen navigating the complicated, confusing waters of high school — and first love. When Louise Wolfe's first real boyfriend mocks and disrespects Native people in front of her, she breaks things off and dumps him over e-mail. It's her senior year, anyway, and she'd rather spend her time with her family and friends and working on the school newspaper. The editors pair her up with Joey Kairouz, the ambitious new photojournalist, and in no time the paper's staff find themselves with a major story to cover: the school musical director's inclusive approach to casting *The Wizard of Oz* has been provoking backlash in their mostly white, middle-class Kansas town. From the newly formed Parents Against Revisionist Theater to anonymous threats, long-held prejudices are being laid bare and hostilities are spreading against teachers, parents, and students — especially the cast members at the center of the controversy, including Lou's little brother, who's playing the Tin Man. As tensions mount at school, so does a romance between Lou and Joey — but as she's learned, "dating while Native" can be difficult. In trying to protect her own heart, will Lou break Joey's? *Big Theology for Little Hearts* is a board book series for children ages 1-5 that teaches key Christian truths in simple, easy-to-understand terms. Each book introduces a big idea from the Bible with concise definitions and engaging illustrations to help young minds gain a foundational understanding of God's Word. As each book's topic builds on the previous one, children can develop a cohesive framework of theology that includes God, creation, humanity, Jesus, and the gospel—allowing parents to start having crucial conversations with their children as early as possible. This first book lays a foundation for understanding who God is, defining 10 words that describe God so children know what to believe and how to follow him. *Forty interactive readings for children ages 8 – 12* unpack Paul's teachings in Galatians about God's saving work and the gospel. Great for children to read alone or with parents or teachers. In this transformative resource for youth workers, children's ministry teachers, parents, and VBS volunteers, Jack Klumpenhouwer teaches how to discover the gospel connections in every Bible story. *Show Them Jesus* is an instruction manual for teachers of kids and teens written by a lay Bible teacher with thirty years of experience. With a simple framework and real-life examples, Jack helps teachers identify and communicate the heart of the gospel to each child in each lesson. *Show Them Jesus* challenges the culture of low-stakes, low-expectations teaching and invites teachers to do nothing less than teach and treasure the good news of Jesus—in every lesson. Instead of leaving kids with lessons about changing their behavior, *Show Them Jesus* offers a new way by sweetly, masterfully, and powerfully showing kids how the gospel really applies to their lives and changes them for eternity. In sharing example after example from his years of experience, Jack provides readers with a more enriched view of Jesus and how to teach this gospel perspective in a classroom setting. This life-changing tool will complement and enrich existing lessons or teaching materials, and it's appropriate for teachers of children and teens in any setting. Millions of church kids are growing up and deciding to leave the church. If we are not primarily teaching our kids about God's love for us in Christ, we may miss our opportunity to capture their hearts. Don't miss your opportunity to show them Jesus. *Staying pure in a reckless world...is that even possible in the culture we live in today?* *Young Hearts, Pure Lives* addresses the fact that God created sex because He has a plan and that plan is good! This program encourages young women to believe that they are worth waiting for! It teaches them to be responsible in making wise choices in friends; setting standards and boundaries in dating relationships; recognizing the media's persuasion of selling sex; observing the dangers of sexually transmitted diseases; and

understanding God's forgiveness and cleansing power. He truly is the God of the first and second chance!

Teaching and Learning for Intercultural Understanding is a comprehensive resource for educators in primary and early years classrooms. It provides teachers with a complete framework for developing intercultural understanding among pupils and includes practical and creative strategies and activities to stimulate discussion, awareness and comprehension of intercultural issues and ideas. Drawing on the most current research and work in the field of intercultural competence and existing models of intercultural understanding, this book explores topics such as: understanding culture and language the importance of personal and cultural identity engaging with difference cultivating positive attitudes and beliefs embedding awareness of local and global issues in students designing a classroom with intercultural understanding in mind. With detailed ready-to-use, enquiry-based lesson plans, which incorporate children's literature, talking points and media resources, this book encourages the practitioner to consider intercultural understanding as another lens through which to view the curriculum when creating and choosing learning materials and activities. Teaching and Learning for Intercultural Understanding sets out to help the reader engage young hearts and minds with global and local concepts in a way that is easily integrated into the life of all primary schools – from New York to New Delhi, from Birmingham to Bangkok. In this easy-to-read book, Peter Jeffery shows us just how tantalizingly enjoyable Bible teaching can be. With short but solid chapters he outlines the ABCs of the Christian faith. Each of the chapters is bite-sized. There is just enough to manage at one time, and there is much to nourish the mind as well as to warm the heart. Even when economic times are tight, our children enjoy an abundance of material possessions. Yet amidst all this wealth, discontentment and competition seem to be on the rise. Instead of teaching children virtues such as gratefulness and patience, many parents are bending over backwards to get their children the latest and greatest item - or feeling guilty when they can't. With the currents of materialism and entitlement flowing so strong, how do we raise kids who are simply thankful? With simple language, interesting anecdotes, and biblical applications, Susie Larson helps readers understand that although teaching perspective and gratitude to our children is critical, it is not difficult. Newspapers are filled with stories about poorly educated children, ineffective teachers, and cash-strapped school districts. In this greatly expanded treatment of a topic he first dealt with in Rediscovering the Lost Tools of Learning, Douglas Wilson proposes an alternative to government-operated school by advocating a return to classical Christian education with its discipline, hard work, and learning geared to child development stages. As an educator, Wilson is well-equipped to diagnose the cause of America's deteriorating school system and to propose remedies for those committed to their children's best interests in education. He maintains that education is essentially religious because it deals with the basic questions about life that require spiritual answers-reading

and writing are simply the tools. Offering a review of classical education and the history of this movement, Wilson also reflects on his own involvement in the process of creating educational institutions that embrace that style of learning. He details elements needed in a useful curriculum, including a list of literary classics. Readers will see that classical education offers the best opportunity for academic achievement, character growth, and spiritual education, and that such quality cannot be duplicated in a religiously-neutral environment. This is the second book in the "Listen My Sons" series where making the heart safe is now addressed. It is a book used to teach my two teenage sons how to live in a world that challenges the heart, mind, and soul of young people. This series is based on a passage in John 13 where Jesus says: Do you understand what I have done to you? You call me Teacher and Lord, and you are right, for so I am. If I then, your Lord and Teacher, have washed your feet, you also ought to wash one another's feet. For I have given you an example, that you also should do just as I have done to you. Truly, truly, I say to you, a servant is not greater than his master, nor is a messenger greater than the one who sent him. If you know these things, blessed are you if you do them. It is rare to see young men who are servants. Their heart is chasing some apple of the eye that captures their fancy. Things like Porn being seen by most teenage boys by 16 years old. In the LA school district, when they handed out free iPads to students the first thing teachers found on them was pornography. Their young hearts were already being given over to lusts. Even Solomon with all his godly wisdom could not overcome giving his heart to his idol worshiping women. When I was a teenager I remember the conversations around the table with the other young bucks. 80% was about good looking women, 10% sports, and the rest about food, stupid stuff, and pranks. I had no interest in being a servant or making my heart safe. I could plead ignorance, but I also was not a Christian. I did receive Christ at 19 and right away Jesus wanted the apple of my eye to be one from a servant's view. It comes about first seeing Him as Teacher and Lord; then seeing Him serving. It is asked of every believer to sanctify Christ as Lord in your heart, nowhere is it asked to give your heart to Jesus in the Bible. It doesn't seem Christians learn this naturally. In college I shared a double apartment with 3 other guys, and every Friday we would clear out the living room of everything except the lights. That was because we would have 35 students come over and enjoy Bible study and fellowship. I would ask some of the guys this question. "How many servants do you see here?" And usually he would respond "everyone," then I would challenge him to see how many people would volunteer to help move all the furniture back in the room. After the people started leaving, I would look at him and he at me and eventually go and grab some furniture to help. It took training; every disciple I worked with took training. Christ gave us the clues we need on being servants. Seeing the "I am" statements in the Gospel of John; ones that most people miss - Teacher and Lord. Where in the Bible do you see Jesus as Teacher and Lord more than any other place? It turns out that the disciple "Luke" does an amazing job presenting Jesus Christ as both Teacher and Lord. He spends more words showing Jesus is a royal Lord than any other gospel and he shows Jesus as Teacher with all his parables and preaching. This sets up a foundation of what is going to be taught the disciples on servanthood, and when He isn't teaching, he is showing the example of a servant. 100% of the Gospel of Luke and some of Acts can be shown to be the "Handbook" of servanthood. The lessons repeat themselves in Hebrew fashion like a spiral giving us more insight with each lesson being repeated. See Luke in a new light and the exciting way to be a servant in humility and full blessings that come with it. Ask yourself when God looks at your heart what will he see? "Man looks at the outward appearance, but the Lord looks at the heart." Every believer should have the heart of a servant. That will make the heart safe and the mind sounds also. This book is intended to provide parents, home schoolers and children's church instructors fundamentals on teaching their children Bible based wisdom. It examines the following character traits: Outward Appearance, Obedience, Faithfulness and Humility. It teaches children nothing is impossible with God if they feed on God's Word and live and walk with God's wisdom in their hearts. Though in all things God's Word is the final authority, our Christian tradition, as inherited from centuries of careful reflection and endeavoring to be true to the teaching of Scripture, can greatly enlighten us. Nowhere is this blend of respectful listening to the wisdom of the past and faithfulness to the Bible more necessary than in our contemporary reformulations of the doctrine of God's person. Bruce Ware believes that while tradition's emphasis on God's metaphysical perfection and His supremacy over the world is correct, we must refine our understanding of the way in which He relates to us. While retaining the deepest concerns of the historic tradition, Ware offers a more rational view of God's dealings with His children – a view that is reflected in Scripture's own testimony of Him. Ware then applies this concept of real divine exaltation and real divine-human relationship to the areas of our prayer life, confidence in God and His guidance of us. Bruce Ware provides an approachable examination of the doctrine of the Trinity. He discusses the relationship and roles of the Father, Son, and Holy Spirit and the practical implications of the Trinity for our lives. The Doxology is an illustrated version of the beloved hymn by Bishop Thomas Ken. This hymn series is designed to aid parents and teachers as they teach hymns of the faith to the next generation. Each hymn stanza has an engaging illustration that depicts the meaning of the

text being sung. We believe all learners benefit from visuals to aid the memorization process. The book includes a "Song to Scripture" page that shows where various truths from the hymn are found in Scripture. It concludes with an "About the Hymn Writer" page for families and classes to learn a bit more about the man who wrote the hymn. The Caldecott Honor book and modern classic now in boardbook format. Finally! Nearly twenty years ago, Ed Young translated the ancient parable of the seven blind men and the elephant into a modern children's classic, one as simple as it is profound. A lesson in colors, numbers, the days of the week and most important, knowledge, this beautifully illustrated book has stood the test of time and continues to entertain and teach. Now in board book format, even the youngest children can experience the beauty and wisdom. Two children's spirituality experts draw on over a decade of field research to show how adults can effectively work with children to nurture their faith. How we live is based on what we believe. Susan Hunt's book helps parents teach their kids basic truths of faith. Each lesson has a story featuring two youngsters, Caleb and Cassie, that shows how truth can be applied even at a young age. The Entitled Generation: Helping Teachers Teach and Reach the Minds and Hearts of Generation Z brings teachers into the twenty-first century world of 24-7 technologically-wired up and social media-driven students. This book asks teachers to consider pragmatic and sensible ways to teach Gen Z and to understand the differences between today's students and those of the past. Teachers are offered keen insights by colleagues, in terms of how Gen Z thinks, the various ways that males and females learn, and the distractions and struggles each faces by device addiction affecting today's classrooms. American culture is perpetuating the notion that today's students are entitled to economic and social outcomes on equal bases. Gen Z "feels" everyone should be treated as equals, receiving the same rewards for unequal efforts, thus promoting a feeling of entitlement. Teachers will understand the reality of today's American classrooms. Even with the assumed addiction to smart technology and social media, teachers can use this to their advantage and reach the minds and hearts of Gen Z to prepare them for their futures. A forbidden gift helps two teenage girls find hope, friendship, and the will to live in this "beautifully told true story about brave young women who refused to be victims and walked out of Auschwitz with their heads unbowed" (School Library Journal). An act of defiance. A statement of hope. A crime punishable by death. Making a birthday card in Auschwitz was all of those things. But that is what Zlatka did, in 1944, for her best friend, Fania. She stole and bartered for paper and scissors, secretly creating an origami heart. Then she passed it to every girl at the work tables to sign with their hopes and wishes for happiness, for love, and most of all—for freedom. Fania knew what that heart meant, for herself and all the other girls. And she kept it hidden, through the bitter days in the camp and through the death marches. She kept it always. This novel is based on the true story of Fania and Zlatka, the story of the bond that helped them both to hope for the best in the face of the worst. Their heart is one of the few objects created in Auschwitz, and can be seen today in the Montreal Holocaust Memorial Centre. When Penelope the Fox drops her heart into the sea, she's swept off on a perilous journey dodging sharks and royal cat-guards, until a cartwheeling chicken leads her to the garden of lost things. Young readers will fall in love with Thereza Rowe's bold and playful designs. This tale of heartache, friendship and adventures will dazzle readers with its exotic settings and animals, and as they follow Penelope (and her heart!), they will learn what is truly precious. To young Christians of the world, Pope Francis has a message for you: "Christ is alive, and he wants you to be alive!" In his fourth apostolic exhortation, *Christus Vivit*, Pope Francis encapsulates the work of the 2018 synod of bishops on "Young People, The Faith, and Vocational Discernment." Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment *Christus Vivit* is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. "May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us." Welcome to the forth and final volume, in a series of four, based on one of the most important priorities for everyone - Wisdom. In this fourth volume we complete looking at the applications of wisdom. The character traits of honest, integrity, and the benefits of wisdom. If you want your child to understand and have good character three things are required. First, you must commit to teaching. Second, believe that God will help you. Third, and most importantly, you must face the fact that you must live a Godly life before your children. They need to see Christ in you everyday. The earlier in life you begin, the better, but it is never too late to start. These series of lessons will impart valuable Biblical principles into your child's heart that will enable them to grow in Godly wisdom. "Presents the gospel of Jesus Christ in simply, easy terms for children"-- Staying pure in a reckless

This program encourages young women to believe that they are worth waiting for! Many people react negatively to the word "catechism," viewing it with suspicion in the belief that it involves rote repetition of obscure points of doctrine. But nothing could be further from the truth. While there is little doubt that memorization has been an overlooked method of teaching, there are good reasons why Christians should retain this ancient practice of instruction. Training Young Hearts for Christ is anything but a dry discussion of minute points of doctrine. Instead, Adam Murrell offers fresh, helpful insights into some of Christianity's most cherished catechisms by presenting gospel truths to a young and modern generation in plain language that makes this complex subject easily understood. In so doing, he reminds all of us of what God has done for his people in this world and in the one to come. Starr Meade enables families with school-age children to participate in satisfying devotions together by taking them through The Heidelberg Catechism--explaining its answers in short devotional readings accompanied by relevant Bible passages. You have a voice in this culture...a culture that is literally spinning out of control. The Warrior Within will strengthen, encourage and challenge you to be the young man God has called you to be. Not a perfect man, but a man who trusts and believes his God. The Warrior Within addresses many topics: how the media is selling seduction to capture your mind and heart through pornography; wisdom in friendships; the girls in your life; the battle of sexting; becoming that warrior within. This book speaks candidly about sexual integrity. (I know you just rolled your eyes!) But the culture has thrown so many lies at you for years regarding this topic, and it is necessary to be up front and honest about it. To be a warrior within and a warrior for your generation, it is imperative that you understand the fight. You are the most influential player for your generation. Supplies two needs: (1) profitable, useable material for family devotions and (2) a practical guide for parents helping their children learn the catechism. Equips parents to guide their young children through all major doctrines in an understandable, chapter-a-day format. Sure, it's easy to teach your children the essentials of Christian theology when you're a theology professor. But what about the rest of us? With Big Truths for Young Hearts, Bruce Ware, (you guessed it!) a theology professor, encourages and enables parents of children 6-14 years of age to teach through the whole of systematic theology at a level their children can understand. Parents can teach their children the great truths of the faith and shape their worldviews early, based on these truths. The book covers ten topics of systematic theology, devoting several brief chapters to each subject, making it possible for parents to read one chapter per day with their children. With this non-intimidating format, parents will be emboldened to be their children's primary faith trainers-and perhaps learn a few things themselves along the way. This book is intended to provide parents, home schoolers and children's church instructors fundamentals on teaching their children Bible based wisdom. It examines the following character traits: Importance of Wisdom, Source of Wisdom, Application of Wisdom, Benefits of Wisdom, Foolishness, Unity, Authority, Refuge in God. It teaches children nothing is impossible with God if they feed on God's Word and live and walk with God's wisdom in their hearts.
