The Actor's Life Nov 06 2021 Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

Korean Film and Festivals Oct 13 2019 This book examines the various film festivals where Korean cinema plays a significant role, both inside and outside of Korea, focusing on their history, structure and function, and analysis of successful festival films. Using Korean film festivals and Korean cinema at international

film festivals as its primary lens, this interdisciplinary volume explores the shifting relationships between the multi-media genre of film and the fast-growing changing world of film festival cultures. It examines the changing aesthetics of Korean film in a transcultural context and historical (dis)continuity from a variety of angles from film and media studies, literary and cultural studies, Korean studies, Japanese studies, and also from film festival practice. Moreover, through comprehensive examinations of both domestic and international film festivals from the perspectives of production, distribution and marketing it highlights the reception of Korean cinema outside of Korea in an increasingly globalised industry. Featuring the contributions of expert scholars of international film and Korean cinema, in addition to interview material with a practicing film professional, this book will be of huge interest to students and scholars of Korean and Asian film and media studies, as well as those interested in the impact of film festivals more generally.

Lost & Found Oct 05 2021 Each year 250,000 American males involuntarily join the ranks of "widowers". Unfortunately, I lost my beloved wife after 41 years of marriage. Because of this personal tragedy I wrote "Lost & Found", a Widower's Survival Guide! LOST pertaining to vanishing. Love/companionship/and special order. And FOUND pertaining to finding pragmatic solutions for a widower's daily life challenges. LOST AND FOUND is not a clinical analysis of grief prepared by well meaning psychologists. On the contrary, each chapter is the result of my personal experiences coping with unfamiliar demands of life without my mate. Regardless of where widowers come from ... economically, ethnically, or spiritually ... the destination they arrive at is sadly the same. They are all LOST! Unfamiliar and freighted challenges appear ... to stay or sell their home, altered finances, house keeping, cooking, health concerns, the mystery of dating, vacationing solo, single grand parenting, sexuality, remarriage, cohabitation.. New widowers desperately need pragmatic answers to these critical issues. Analysts and psychologists will probe a widower's inter self, but they don't wash dishes, change bedding, prepare meals, and select female companionship! In my straight-forward book I have detailed my experiences struggling with the personal melt down emanating from the loss of my beloved wife. With candor (and some wit) my travels in LOST & FOUND are "rubber meets the road", widower tested tips for daily survival. Thus this work becomes a very practical guide with easy-to-follow support for the suffering widower, and others wishing to

help such a soul rebuild a life. It is currently the book on the market that addresses these delicate and demanding issues. Chapters include such topics as ... on-line dating ... understanding contemporary women ... to sell or stay in your home ... re-marriage ... cohabitation ... disposing of wife's wardrobe ... single grand parenting ... traveling alone ... help from consolers ... children's attitudes ... altered finances ... maintaining health ... keeping house ... meal preparation ... and dozens more. The topics covered in my book LOST & FOUND have been endorsed by Hospice of the Florida Suncoast, and have become the basis for an in-depth series of seminars created to help widowers "beyond grief." Currently hundreds of widowers are enrolled in the program entitled "LOST & FOUND, a Widower's Survival Course". My personal background is that of an award winning, non-theatrical film producer, having written hundreds of scripts for international clients; working on high value projects spanning over 50 nations. Scripts covered a wide variety of subjects from German and French Wines, the menace of communism, to showcasing the major hotels of the world. Awards include the coveted Golden Camera, New York Film Festival, Gold Medal Berlin, and the George Washington Freedom Foundation Medal. My background in creative writing is adroitly reflected in LOST & FOUND. I urge all widowers (and those wishing to help a man in such circumstances) to check out LOST & FOUND. Tomboy Survival Guide Sep 16 2022 Stonewall Book Award Honor Book winner Ivan Coyote is a celebrated storyteller and the author of ten previous books, including Gender Failure (with Rae Spoon) and One in Every Crowd, a collection for LGBT youth. Tomboy Survival Guide is a funny and moving memoir told in stories, in which Ivan recounts the pleasures and difficulties of growing up a tomboy in Canada's Yukon, and how they learned to embrace their tomboy past while carving out a space for those of us who don't fit neatly into boxes or identities or labels. Ivan writes movingly about many firsts: the first time they were mistaken for a boy; the first time they purposely discarded their bikini top so they could join the boys at the local swimming pool; and the first time they were

chastised for using the women's washroom. Ivan also explores their years as a young butch, dealing with new infatuations and old baggage, and life as a gender-box-defying adult, in which they offer advice to young people while seeking guidance from others. (And for tomboys in training, there are even directions on building your very own unicorn trap.) *Tomboy Survival Guide* warmly recounts Ivan's adventures and mishaps as a diffident yet free-spirited tomboy, and maps their journey through treacherous gender landscapes and a maze of labels that don't quite stick, to a place of self-acceptance and an authentic and personal strength. These heartfelt, funny, and moving stories are about the culture of difference—a "guide" to being true to one's self.

Managing Organisational Success in the Arts Mar 18 2020 The creative and cultural industries are a dynamic and rapidly expanding field of enterprise. Yet all too often the dominant narrative about arts organisations is one of crisis, collapse, and closure. This edited collection seeks to challenge that narrative through pursuing a focus on organisational success in the management of creative and cultural organisations. This book offers a robust and in-depth analysis of nine international case studies exploring how different organisations have achieved their objectives through effectively managing their resources. Spanning a broad cross section of the cultural sector including Theatres; Multi-Arts Venues; Performing Arts Companies; Museums and Galleries; and Festivals and Events, these cases highlight the importance of examining an individual organisation's success in relation to its environmental context, revealing not only

how arts organisations work in practice, but also providing inspiration and encouragement for those wishing to emulate such success. With an explicit focus on examining theory in practice, this unique collection will be of great interest to students, academics, and practitioners alike. While traditional approaches have often been overly theoretical, this pragmatic approach will help students to gain a richer understanding of how to manage cultural and creative organisations more effectively.

This illustrated guide is packed with hilarious advice, making it a must have for any festival virgin looking to experience a weekend you'll never forget. Every year when summer rolls around, millions of us sacrifice the joys of a comfortable bed and warm running water in favor of a weekend of debauchery in a field in the middle of nowhere. Whether you're planning a weekend hobnobbing with the A-listers at Coachella, trading goods in the desert at Burning Man, raving through the night at one of Croatia's beachside parties, or seeing the biggest bands in the world at Glastonbury, the pull of a music festival is undeniable, but it can all be a bit daunting. No doubt you will have heard stories of monsoon rain reducing the festival site to a giant mud bath, or stumbling home after 24-hours non-stop raving and finding an inebriated stranger sleeping in your tent, but how do you cope with these situations? Whether it's getting a ticket (often considerably harder than it sounds) or picking the perfect spot to pitch a tent, *Festivals: A Survival Guide* will talk you through everything you need to know about a weekend of music, mates, and mayhem. Providing insider tips gained from years of festival going, learn what to do when you lose all your friends and why it's never a good idea to put together a strict timetable of bands you want to see. Then there's information on the festival characters to befriend and the ones to avoid—nobody likes to be woken at 6.30am by a group of hippies starting up an impromptu drum circle outside your tent. The practical advice offered also includes how to plan your day, use social media to discover where the secret gigs are, fool-proof ways to smuggle booze past security guards, and why only an idiot would wear a playsuit

when having to use a festival toilet.

[Black Hole Survival Guide](#) Jul 22 2020 From the acclaimed author of *Black Hole Blues* and *Other Songs from Outer Space*—an authoritative and accessible guide to the most alluring and challenging phenomena of contemporary science. "[Levin will] take you on a safe black hole trip, an exciting travel story enjoyed from your chair's event horizon." —*Boston Globe* Through her writing, astrophysicist Janna Levin has focused on making the science she studies not just comprehensible but also, and perhaps more important, intriguing to the nonscientist. In this book, she helps us to understand and find delight in the black hole—perhaps the most opaque theoretical construct ever imagined by physicists—illustrated with original artwork by American painter and photographer Lia Halloran. Levin takes us on an evocative exploration of black holes, provoking us to imagine the visceral experience of a black hole encounter. She reveals the influence of black holes as they populate the universe, sculpt galaxies, and even infuse the whole expanse of reality that we inhabit.
