Gratitude journal (Notebook, Diary) with 118 Inspirational Quotes, black Lettering Cover, 6x9, Black Soft Cover, mate Finish, As Christians we are expected to be able to tell people why we believe what we believe (I Peter 3:15). Additionally, we are to do so by correctly explaining the Bible from the context in which it was written (II Timothy 2:15). This means that, no matter what denomination we may be a part of, we as claimed Christians during these last days need to lay aside our personal biases in order to further understand how the apostles perceived the Gospel. Not to imply that any church denomination is "wrong" for any particular view; maybe just incomplete for not fully comprehending the teachings of the Lord Jesus Christ to the measure of the men who actually heard Him. Some may call this work just a "theory," but what this book offers is a prospect of what the apostles essentially gathered from the man Jesus, along with the principles He instituted apart from the typical view of today's modernized audience, that is. As we take a look into the development of the early church from a different angle we will examine certain words and actions taken by the apostles which commonly go unnoticed. In other words, we should be able to detect which New Testament doctrines have been swept under the rug by modern tradition. By the end of this endeavor you alone must determine whether this book should be classified as fact or fiction. You alone must decide whether or not these things apply to you. You alone must work out your own salvation with fear and trembling. -Philippians 2:12

Lisa Cressman, founder of Backstory Preaching, offers preachers tools to craft difficult sermon messages that can be heard. The gospel changes lives, but to do that it must first be heard. For it to be heard, people have to trust they are "seen" and their concerns and fears are acknowledged. They have to feel their perspectives are real, valid, and respected. Preachers have a difficult message to preach, a message many will not want to hear: new life always emerges from death. Cressman shows preachers how to craft sermons with the right tone and how to have the courage to say what you're called to say. Part 1 of the book provides the preparatory work needed before crafting those difficult sermon messages. Here the focus is on how preachers prepare themselves, build relationships of mutual trust with listeners, and understand and appropriately use authority and leadership to proclaim the gospel. Part 2 focuses on the sermon itself with suggestions on what to say and how to say it. The preacher will find new tools and sharpen existing ones to preach difficult messages with empathy, compassion, and skill. An ironically upbeat book that asks some of today's most inimitable musicians which song they would choose to be the last one they ever hear If you could choose the last song you'd hear before you died, what would it be and why? Your favorite song of all time? Perhaps the one you danced to at your wedding? The song from that time you got super stoned and just let the chords speak to you? It's a hard question that Mike Ayers has thought about for years. In *One Last Song*, Ayers invites 30 musicians to consider what song they would each want to accompany them to those pearly white gates. Weaving together their explanations with evocative illustrations and poignant interludes—what your song to die to says about you, what songs famous people have died to, and more. The book offers insight into the minds of famous artists and provides an entry point for considering how integral music is to our own personal

narratives. Artists Featured: Jim James of My Morning Jacket, André 3000, Killer Mike, Jeff Tweedy of Wilco, Phoebe Bridgers, Richard Reed Parry of Arcade Fire, Sam Beam of Iron & Wine, Colin Meloy of the Decemberists, Wayne Coyne of The Flaming Lips, Lauren Mayberry of CHVRCHES, A.C. There is no greater tragedy than for someone to go through their entire life thinking they are a Christian only to hear these seven fateful words at death: "I never knew you; depart from me" (Matt. 7:23). A.W. Tozer said, "It is my opinion that tens of thousands, if not millions, have been brought into some kind of religious experience by accepting Christ and they have not been saved." How can you be sure that your profession of faith is more than just words? Seven Words You Never Want to Hear explores the mystery of salvation through the Scriptures and personal stories. Author Denise Wilson invites you to take the challenge that the apostle Paul gave to the church at Corinth-examine yourselves to see whether you are in the faith. The gospel changes everything-beliefs, lifestyles, and priorities. Has it changed you? Don't wait until death to find out if you got it right. An intense debut novel that's "compulsively readable and stunningly written," (Jodi Picoult), *Lies You Wanted to Hear* is hard-hitting story about a family torn apart from the inside out, and what happens when the mistakes you make cost more than anyone would expect. Alone in an empty house, Lucy tries to imagine the lives of her two young children. They have been gone for seven years, and she is tormented by the role she played in that heartbreaking loss. You can hardly see a glimpse of the sexy, edgy woman she used to be. Back then, she was a magnet for men like Matt, who loved her beyond reason, and Griffin, who wouldn't let go but always left her wanting more. Now the lies they told and the choices they made have come to haunt all three of them. With shattering turns, *Lies You Wanted to Hear* explores the way good people talk themselves into doing terrible, unthinkable things. What happens when we come to believe our own lies? And what price must we pay for our mistakes? A searing story that will leave you wondering what choices you would make, *Lies You Wanted to Hear* is a stunning debut. *God Wants to Hear You Sing!*, Ruthie Jacobsen's eleventh book, is written to bring hope and courage in tough times. And for the price of the book alone, there is also included a superb, upbeat full-length CD with faith-inspiring music, custom-produced specifically for the book by Greater Vision, the most awarded trio in gospel music. A reader from Massachusetts said, "I have just read your book that a friend loaned to me. God used it to be a real blessing to me at a very hurtful time in my life. Thank you for sharing your stories that reinforced my faith that God has a

thousand ways to provide for us when we see none!" Ruthie Jacobsen is a member of the National Prayer Committee, host of a weekly television show on Sky Angel for six years and an internationally-sought speaker. She is known in some circles as a Professional Encourager. The fifteen easy-read chapters are built around the true stories of people facing difficulties who dared to trust God for His providence. You'll laugh, you'll cry but you'll find courage – and reason to sing. For parents who have been knocked to the floor by bad news and plastered to the ceiling by unwelcome surprises . . . here's a book to prop you up, scrape you down, and (believe it or not) help you laugh again. Bad news is bad enough. .But bad news about your children carries a triple whammy of pain, worry, and "where did we go wrong!" An accident, an illness, an unwholesome lifestyle, a devastating decision?the truth about these awful events can turn your life upside down, isolate you from family and friends, drain you of hope, and overpower you with stress. If that's your experience right now, this book can be a lifesaver. Crammed with practical guidance and sanity-saving laughter, it's a gift of hope to you from "the queen of encouragement," Barbara Johnson and other men and women who are "out there on the dance floor of life, doing the lost-parent shuffle." Drawing on her personal experience, her years of ministering to parents in pain, and the letters she has received from hundreds of hurting (and healing) parents, Barbara Johnson shares: what you can expect in the days ahead?and how to cope what to do with your shock, pain, and guilt how to find grace for your ongoing stress how to love your kids without trying to "fix 'em" how to find comfort and encouragement in scripture, friendship, and the knowledge that you're not alone how to locate a support group?or start one of your own how to pull together with your spouse?instead of letting your pain pull you apart She salts each chapter with wry observations, uplifting letters, sunny day-lifters, cartoons and just plain-funny one-liners?to life your spirits and bring you comfort. Whether you're stuck on the ceiling, groping through the tunnel, smoldering in the fire, or down for the count, this book can keep you moving and even keep you laughing through your tears as you travel the rocky path from "Why me, Lord?" to "Thank you, Lord." Draws on fifty years of interviews, profiles, reviews, and memories pertaining to the iconic literary figure, from Eudora Welty's 1953 review of *Nine Stories* and John Updike's review of *Franny and Zooey* to insider accounts by such figures as Joyce Maynard and Betty Eppes. have a happy day When Paula falls for the bad boy down the street, what she thought would be a silly summer romance becomes anything but It's Paula's last summer at home, and in need of an affectionate distraction, she decides now is the perfect time to get involved with one of the two brothers from down the road, Jonny and Jordon. But which one? Likable, well-mannered Jonny? Or Jordon, who's been kicked out of every school that would take him and who tells her up front that he wants her to have to choose—and wants her to choose him? Who can say no to a bad boy? Underneath it all, Paula knows Jordon is the kind and gentle person she's falling in love with—something his parents can't, or won't, see. And better yet, Jordon says he loves her back and promises to always be honest with her. But sometimes the truth isn't what we want to hear . . . Still struggling from the effects of dating a narcissist ? Many people do and sadly there is very little information available to be found online or in the written research, or with counsellors and therapists that can help. Narcissistic Victim Syndrome is not officially recognised, nor is it widely even known. Even when it is accepted, recognised and known not many people seem to know what to DO ABOUT IT to heal it... The fact is being in a relationship with a narcissist over a long period of time has long lasting traumatic effects that can be extremely catastrophic to the person suffering them. Do the following symptoms sound familiar? - Ruined self confidence - Doubting yourself and your sanity - Mood swings - Sleeplessness - Extreme weight loss or weight gain - Uncharacteristic jealousy/ insecurity - Feeling like you don't know the difference between right and wrong - Extreme paranoia (being turned into an obsessive detective) - Endless, repetitive obsessive thinking about your ex - Constantly trying to find explanations for what has happened - Feelings of helplessness and despair - A desire to self isolate - Feeling desperately misunderstood - Overwhelming feelings of loss and grief - Extreme bouts of rage - An inability to be comfortable with yourself - Strange dreams - Sudden inexplicable anxiety followed by rapid dips into depression The list goes on.... You are dating a narcissist, and if you haven't figured it out already, they will never, ever change. You can stay in the

relationship and be unhappy, or you can choose to never date a narcissist again. It is not easy, I know. Because I have been there. I was you. They are smart enough to know what you are looking for at the level of your core values and mold themselves to appear to represent that whilst provoking as much sympathy in you for them as they can. But beneath the mask of a shy, vulnerable and "good person" something far more sinister lurks. - A social chameleon who would wear a completely different identity depending on who they were talking to - A sneaky, underhanded way of operating in the world that ONLY those closest to them ever get a glimpse of - A person whose actions RARELY match their words! "They seemed so good-hearted and vulnerable, I just wanted to help..." "Maybe my ex is right, maybe it really is me...." "Am I just being paranoid?" "Nobody understands!" I can't tell you how many times I've had clients tearfully admit this to me in state of absolute despair. WHAT YOU NEED NOW: -Someone who has been through the same experiences you have and understands them from the inside. -Someone who has the knowledge, training, education and experience working on himself and others to lead you through the emotional sh*tstorm that breaking with a narcissist can create. I can't promise you that reading to this book is going to be a "total cure", but I can promise that if you APPLY YOURSELF DILLIGENTLY, take notes, read and re-read the chapters, follow all instructions to the letter, with a tenacious resolve to get better you will feel an instant decrease in anxiety within the first 24 hours and should see huge improvements within the first 3 days.
