Music of a Thousand Years Jul 12 2022 A free open access ebook is available upon publication. Learn more at www.luminosoa.org. Iran's particular system of traditional Persian art music has been long treated as the product of an ever-evolving, ancient Persian

culture. In *Music of a Thousand Years*, Ann E. Lucas argues that this music is a modern phenomenon indelibly tied to changing notions of Iran's national history. Rather than considering a single Persian music history, Lucas demonstrates cultural dissimilarity and discontinuity over time, bringing to light two different notions of music-making in relation to premodern and modern musical norms. An important corrective to the history of Persian music, *Music of a Thousand Years* is the first work to align understandings of Middle Eastern music history with current understandings of the region's political history.

A Thousand Pardons Aug 13 2022 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS For readers of Jonathan Franzen and Richard Russo, Jonathan Dee's novels are masterful works of literary fiction. In this sharply observed tale of self-invention and public scandal, Dee raises a trenchant question: what do we really want when we ask for forgiveness? Once a privileged and loving couple, the Armsteads have now reached a breaking point. Ben, a partner in a prestigious law firm, has become unpredictable at work and withdrawn at home—a change that weighs heavily on his wife, Helen, and their preteen daughter, Sara. Then, in one afternoon, Ben's recklessness takes an alarming turn, and everything the Armsteads have built together unravels, swiftly and spectacularly. Thrust back into the working world, Helen finds a job in public relations and relocates with Sara from their home in upstate New York to an apartment in Manhattan. There, Helen discovers she has a rare gift, indispensable in the world of image control: She can convince arrogant men to admit their mistakes, spinning crises into second chances. Yet redemption is more easily granted in her professional life than in her personal one. As she is confronted with the biggest case of her career, the fallout from her marriage, and Sara's increasingly distant behavior, Helen must face the limits of accountability and her own capacity for forgiveness. A Thousand Moons Apr 16 2020 “A brave and moving novel [that] has a tender empathy with the natural world.” —Hermione Lee, The New York Review of Books From the two-time Booker Prize finalist author of *Days Without End* comes a dazzling companion novel about memory and identity, set in Tennessee in the aftermath of the Civil War. Winona Cole, an orphaned child of the Lakota Indians, finds herself growing up in an unconventional household on a farm in west Tennessee. Raised by her adoptive parents John Cole and Thomas McNulty, whose story Barry told in his acclaimed previous novel *Days Without End*, she forges a life for herself beyond the violence and dispossession of her past. Tennessee is a state still riven by the bitter legacy of the Civil War, and the fragile harmony of her family is soon threatened by a further traumatic event, one which Winona struggles to confront, let alone understand. City of a Thousand Gates Jan 06 2022 “The novel showcases the humanity, tragedy, and complexity of life in the West Bank. . . . The characters' interwoven lives will stay with you long after the book's denouement.” —Entertainment Weekly “Sacks is an extraordinarily gifted writer whose intelligence, compassion and skill on both the sentence and tension level rise to meet her ambition. She keeps us constantly on edge. . . . *City of a Thousand Gates* makes a convincing case for a literature of multiplicity, polyphonic and clamorous, abuzz with challenges and contradictions, with no clear answers but a promise to stay alert to the world, in all its peril and vitality.” —Washington Post Brave and bold, this gorgeously written novel introduces a large cast of characters from various backgrounds in a setting where violence is routine and where survival is defined by boundaries, walls, and checkpoints that force people to live and love within and across them. Hamid, a college student, has entered Israeli territory illegally for work. Rushing past soldiers, he bumps into Vera, a German journalist headed to Jerusalem to cover the story of Salem, a Palestinian boy beaten into a coma by a group of revenge-seeking Israeli teenagers. On her way to the hospital, Vera runs in front of a car that barely avoids hitting her. The driver is Ido, a new father traveling with his American wife and their baby. Ido is distracted by thoughts of a young Jewish girl murdered by a terrorist who infiltrated her settlement. Ori, a nineteen-year-old soldier from a nearby settlement, is guarding the

checkpoint between Bethlehem and Jerusalem through which Samar—Hamid’s professor—must pass. These multiple strands open this magnificent and haunting novel of present-day Israel and Palestine, following each of these diverse characters as they try to protect what they love. Their interwoven stories reveal complicated, painful truths about life in this conflicted land steeped in hope, love, hatred, terror, and blood on both sides. *City of a Thousand Gates* brilliantly evokes the universal drives that motivate these individuals to think and act as they do—desires for security, for freedom, for dignity, for the future of one’s children, for land that each of us, no matter who or where we are, recognize and share.

The House of Twenty Thousand Books Aug 21 2020 A tender and compelling memoir of the author's grandparents, their literary salon, and a way of life that is no more. *The House of Twenty Thousand Books* is the story of Chimen Abramsky, an extraordinary polymath and bibliophile who amassed a vast collection of socialist literature and Jewish history. For more than fifty years Chimen and his wife, Miriam, hosted epic gatherings in their house of books that brought together many of the age’s greatest thinkers. The atheist son of one of the century’s most important rabbis, Chimen was born in 1916 near Minsk, spent his early teenage years in Moscow while his father served time in a Siberian labor camp for religious proselytizing, and then immigrated to London, where he discovered the writings of Karl Marx and became involved in left-wing politics. He briefly attended the newly established Hebrew University in Jerusalem, until World War II interrupted his studies. Back in England, he married, and for many years he and Miriam ran a respected Jewish bookshop in London’s East End. When the Nazis invaded Russia in June 1941, Chimen joined the Communist Party, becoming a leading figure in the party’s National Jewish Committee. He remained a member until 1958, when, shockingly late in the day, he finally acknowledged the atrocities committed by Stalin. In middle age, Chimen reinvented himself once more, this time as a liberal thinker, humanist, professor, and manuscripts’ expert for Sotheby’s auction house. Journalist Sasha Abramsky re-creates here a lost world, bringing to life the people, the books, and the ideas that filled his grandparents’ house, from gatherings that included Eric Hobsbawm and Isaiah Berlin to books with Marx’s handwritten notes, William Morris manuscripts and woodcuts, an early sixteenth-century Bomberg Bible, and a first edition of Descartes’s *Meditations*. *The House of Twenty Thousand Books* is a wondrous journey through our times, from the vanished worlds of Eastern European Jewry to the cacophonous politics of modernity. *The House of Twenty Thousand Books* includes 43 photos.

Thanks A Thousand Sep 14 2022 The idea was deceptively simple: New York Times bestselling author A.J. Jacobs decided to thank every single person involved in producing his morning cup of coffee. The resulting journey takes him across the globe, transforms his life, and reveals secrets about how gratitude can make us all happier, more generous, and more connected. Author A.J. Jacobs discovers that his coffee—and every other item in our lives—would not be possible without hundreds of people we usually take for granted: farmers, chemists, artists, presidents, truckers, mechanics, biologists, miners, smugglers, and goatherds. By thanking these people face to face, Jacobs finds some much-needed brightness in his life. Gratitude does not come naturally to Jacobs—his disposition is more Larry David than Tom Hanks—but he sets off on the journey on a dare from his son. And by the end, it's clear to him that

scientific research on gratitude is true. Gratitude's benefits are legion: It improves compassion, heals your body, and helps battle depression. Jacobs gleans wisdom from vivid characters all over the globe, including the Minnesota miners who extract the iron that makes the steel used in coffee roasters, to the Madison Avenue marketers who captured his wandering attention for a moment, to the farmers in Colombia. Along the way, Jacobs provides wonderful insights and useful tips, from how to focus on the hundreds of things that go right every day instead of the few that go wrong. And how our culture overemphasizes the individual over the team. And how to practice the art of "savoring meditation" and fall asleep at night. Thanks a Thousand is a reminder of the amazing interconnectedness of our world. It shows us how much we take for granted. It teaches us how gratitude can make our lives happier, kinder, and more impactful. And it will inspire us to follow our own "Gratitude Trails."

The House of a Thousand Floors May 30 2021 The House of a Thousand Floors is one of the earliest science-fiction novels in European literature, published first in 1929. Besides being a pioneer in its genre, the book is highly regarded for its general merits as psychological literature. The novel tells the story of a dream in fever of a soldier wounded in World War I. He finds himself in the stairway of a gigantic (and kafkaesque) tower-like building, which is a metaphor for modern society. He learns that his task is to rescue Princess Tamara from Muller, the lord of the edifice. After a number of surrealistic encounters in the building, during which he is hailed as a liberator by many and is hunted by the cruel security guards, the main character finds Tamara and faces the cruel lord of Mullerdom. The novel makes fine use of a range of experimental styles and techniques. At times, linear storytelling gives way to a collage of incongruous elements: excerpts from fictitious books, encyclopedia articles, radio broadcast transcripts are used as a shortcut to describe places or events; other narrative ingredients include fanciful advertisements, ludicrous administrative documents or political slogans which highlight the idiosyncrasies of this decadent world.
