**The Case of the Hollow Hill and The Case of the Tumbling Triplet** Dec 25 2020 - A GLOBE-TROTTING MYSTERY & ADVENTURE SERIES - Join the 14-year-old Wentworth triplets as they travel the world with their father-a pilot and nature documentary filmmaker-and solve the bewildering and dangerous mysteries that inevitably arise. Each volume in the three-book anthology series contains two complete stories full of adventure, danger, and mystery that tests the bonds and faith of this wholesome family. - JOURNEY WITH THE WENTWORTH TRIPLETS SERIES TO AFRICA, AUSTRALIA, MEXICO, PERU, AND THE USA - VOLUME 3 ANTHOLOGY The Case of the Hollow Hill (Mystery 1) How can a shirt sleeve save a life? Strange things can happen that have nothing to do with a hollow hill. Just a couple of thirteen-year-old boys The Case of the Tumbling Triplet (Mystery 2) Imagine yourself in a foreign country on a whole different continent, exploring a jungle with vines tying the trees together, and rocks are covered with slick moss. Imagine strange holes were everywhere. Falling into a hole could be bad enough, but when there's an extra leg already in the hole, what could you do besides scream?

**Shady Hollow** Aug 13 2022 The first book in the Shady Hollow series, in which we are introduced to the village of Shady Hollow, a place where woodland creatures live together in harmony—until a curmudgeonly toad turns up dead and the local reporter has to solve the case. Reporter Vera Vixen is a relative newcomer to Shady Hollow. The fox has a nose for news, so when she catches wind that the death might be a murder, she resolves to get to the bottom of the case, no matter where it leads. As she stirs up still waters, the fox exposes more than one mystery, and discovers that additional lives are in jeopardy. Vera finds more to this town than she ever suspected. It seems someone in the Hollow will do anything to keep her from solving the murder, and soon it will take all of Vera's cunning and quickness to crack the case. A VINTAGE CRIME/BLACK LIZARD ORIGINAL

**The Hollow Hope** Apr 09 2022 In follow-up studies, dozens of reviews, and even a book of essays evaluating his conclusions, Gerald Rosenberg's critics—not to mention his supporters—have spent nearly two decades debating the arguments he first put forward in *The Hollow Hope*. With this substantially expanded second edition of his landmark work, Rosenberg himself steps back into the fray, responding to criticism and adding chapters on the same-sex marriage battle that ask anew whether courts can spur political and social reform. Finding that the answer is still a resounding no, Rosenberg reaffirms his powerful contention that it's nearly impossible to generate significant reforms through litigation. The reason? American courts are ineffective and relatively weak—far from the uniquely powerful sources for change they're often portrayed as. Rosenberg supports this claim by documenting the direct and secondary effects of key court decisions—particularly *Brown v. Board of Education* and *Roe v. Wade*. He reveals, for example, that Congress, the White House, and a determined civil rights movement did far more than Brown to advance desegregation, while pro-choice activists invested too much in Roe at the expense of political mobilization. Further illuminating these cases, as well as the ongoing fight for same-sex marriage rights, Rosenberg also marshals impressive evidence to overturn the common assumption that even unsuccessful litigation can advance a cause by raising its profile. Directly addressing its critics in a new conclusion, *The Hollow Hope, Second Edition* promises to reignite for a new generation the national debate it sparked seventeen years ago.

**Old Jim Case of South Hollow** Feb 19 2023 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

*Beauty was the Case that They Gave Me* May 10 2022 Poetry. BEAUTY WAS THE CASE THAT THEY GAVE ME is Mark Leidner's first full-length collection of poems. A collection of poems that might make you feel like a flower, like a black hole, like punishment meted out at night by a giant tractor, like you have to get on fire, then slowly walk around your old neighborhood, like the town was real, like she thinks swoon is a funnier word than mulligan, and he thinks swoon is a funny word too, but no way in hell is it funnier than mulligan, like he's searching for the Holy Grail and she has little Holy Grail-shaped pupils, like an effusion of steam, like what's cool changes, like hemisphere paint, like a blue flower, like the house you have lived above forever.

**The Hollow Hope** Jan 14 2020 Argues that congressional and executive acts do more to instigate social change than do major court decisions and studies specific cases and their impact on civil rights

**Old Jim Case of South Hollow (Classic Reprint)** Dec 05 2021 Excerpt from Old Jim Case of South Hollow Every man, woman and child around South Hollow knew Old Jim Case. His well-worn slouch hat, his large, baggy trousers, soft shirt, and handkerchief carelessly tied about his neck, possessed almost the dignity of landmarks. The old fellow's smile, that gave a downward bend to his heavy, round moustache, and his beaming countenance, made it easy to liken him to a walrus; but a friendly walrus he was. It was one of his favourite sayings that Good nature is the cheapest commodity in the world, and he always had it in generous abundance. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

*Recent Developments in Separation Science* Nov 11 2019 Volume two of the series focuses on the topics of extraction, filtration, heatless adsorption, hydrometallurgical extraction, interfacial phenomena, separation of gases by regenerative sorption, various polymeric membrane systems, such as electro dialysis, ultrafiltration, reverse osmosis. Gas and liquid separations by selective permeation through polymeric membrane, and the origin of separate system. The last topic, as a special feature of interest, provides an analysis of the genesis and development of new separation techniques.

**The Hollow Girl** Dec 17 2022 The final novel in one of the most critically acclaimed PI series in the annals of crime fiction! "Few writers working in any genre offer tales with such moral complexity, dark humor, and, most of all, heart." --Megan Abbott, author of *Dare Me* Drunk, alone, and racked with guilt over the tragic death of his girlfriend Pam, Moe Prager is destined for oblivion. But destiny takes a detour when a shadowy figure from Moe's past reappears to beg for Moe's help in locating her missing daughter. As a reluctant, distracted Moe delves into the case, he discovers that nothing is as it seems and no one involved is quite who or what they appear to be. This is especially true of the missing daughter, an early internet sensation known ironically as the Lost Girl or the Hollow Girl. The case itself is hollow, as Moe finds little proof that anyone is actually missing. Things take a bizarre twist as Moe stumbles across a body in a trendy Manhattan apartment and the Hollow Girl suddenly re-emerges on video screens everywhere. It's a wild ride through the funhouse as Moe tries to piece together a case from the half-truths and lies told to him by a fool's parade of family members, washed-up showbiz types, uncaring cops, a doorman, and a lovesick PI. Even as the ticking clock gets louder, Moe is unsure if it's all a big hoax or if someone's life is really at stake. The question isn't whether or not Moe can find the Hollow Girl, but whether the Hollow Girl was ever there at all.

**OLD JIM CASE OF SOUTH HOLLOW** Nov 04 2021 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

*Monster Club* Feb 24 2021 Monster Club: Case of the Ivy Hollow Werewolf is the first book in a series of middle grade novels that follow twelve-year old Luke Staal and friends as they solve mysteries with a paranormal twist in the small town of Ivy Hollow. Luke Staal and his best friend, Oliver, know something strange is happening in Ivy Hollow. They heard the howling on the full moon. They saw the crime scene at Mike the Butcher's Shop where the only thing stolen was raw meat. Bloody footprints point to a man and his dog, but Luke and Oliver aren't so sure. Especially, after the discovery of murdered chickens on Lucian Gregory's farm. All signs point to a werewolf. No one in town could possibly believe that such a creature is on the loose. To make matters worse, the school's annual carnival is scheduled for the next full moon. With the help of Luke's twin sister, Lily, and her best friend, Savannah, the Monster Club must solve the mystery of the Ivy Hollow Werewolf before the next full moon and save their town from imminent disaster.

*Plane Thermoelastic Deformation of Internally Heated Annular Disks Or Hollow Cylinders* May 30 2021 A plane elastic problem of bodies bounded by concentric circles and heated at the inner boundary is solved in the "uncoupled, quasi-static" approximation. The heating takes place by surface heat transfer, with limiting cases corresponding to sudden temperature change and to constant flux of heat. The stress boundary conditions treated are those of constant flux of heat. The stress boundary conditions treated are those of constant pressure at the inner wall while the outer wall may be either free or rigidly restrained. The time-dependent results for stresses, displacement, and temperature are calculated and shown for several cases with varying values for the parameters specifying heat transfer and wall thickness. The effect of varying Poisson's ratio is also examined. Formulas for steady-state distributions of the quantities of interest are also given, as well as some approximate results that can be used for very small times.

*Hollow Fires* Aug 21 2020 A powerful, gripping novel about the insidious nature of racism, the terrible costs of unearthing hidden truths, and the undeniable power of hope, by New York Times bestselling author Samira Ahmed. Perfect for fans of *Sadie and Dear Martin*. Safiya Mirza dreams of becoming a journalist. And one thing she's learned as editor of her school newspaper is that a journalist's job is to find the facts and not let personal biases affect the story. But all that changes the day she finds the body of a murdered boy. Jawad Ali was fourteen years old when he built a cosplay jetpack that a teacher mistook for a bomb. A jetpack that got him arrested, labeled a terrorist—and eventually killed. But he's more than a dead body, and more than "Bomb Boy." He was a person with a life worth remembering. Driven by Jawad's haunting voice guiding her throughout her investigation, Safiya seeks to tell the whole truth about the murdered boy and those who killed him because of their hate-based beliefs. This gripping and powerful book uses an innovative format and lyrical prose to expose the evil that exists in front of us, and the silent complicity of the privileged who create alternative facts to bend the truth to their liking.

**House of Hollow** Sep 02 2021 A New York Times Bestseller! An Instant Indie Bestseller! A dark, twisty modern fairytale where three sisters discover they are not exactly all that they seem and evil things really do

go bump in the night. Iris Hollow and her two older sisters are unquestionably strange. Ever since they disappeared on a suburban street in Scotland as children only to return a month later with no memory of what happened to them, odd, eerie occurrences seem to follow in their wake. And they're changing. First, their dark hair turned white. Then, their blue eyes slowly turned black. They have insatiable appetites yet never gain weight. People find them disturbingly intoxicating, unbearably beautiful, and inexplicably dangerous. But now, ten years later, seventeen-year-old Iris Hollow is doing all she can to fit in and graduate high school on time--something her two famously glamorous globe-trotting older sisters, Grey and Vivi, never managed to do. But when Grey goes missing without a trace, leaving behind bizarre clues as to what might have happened, Iris and Vivi are left to trace her last few days. They aren't the only ones looking for her though. As they brush against the supernatural they realize that the story they've been told about their past is unraveling and the world that returned them seemingly unharmed ten years ago, might just be calling them home.

**The Hollow** Feb 07 2022 #1 New York Times bestselling author Nora Roberts continues the thrilling trilogy of a town plagued by evil—and the three men and three women brought together by fate to fight it. For Fox, Caleb, Gage and the other residents of Hawkins Hollow, the number seven portends doom—ever since, as boys, they freed a demon trapped for centuries when their blood spilled upon The Pagan Stone... Now, as the dreaded seventh month looms before them, the men can feel the storm brewing. Already they are plagued by visions of death and destruction. But this year, they are better prepared, joined in their battle by three women who have come to The Hollow. Layla, Quinn, and Cybil are somehow connected to the demon, just as the men are connected to the force that trapped it. Since that day at The Pagan Stone, town lawyer Fox has been able to see into others' minds, a talent he shares with Layla. He must earn her trust, because their link will help fight the darkness that threatens to engulf the town. But Layla is having trouble coming to terms with her newfound ability—and this intimate connection to Fox. She knows that once she opens her mind, she'll have no defenses against the desire that threatens to consume them both... Don't miss the other books in the Sign of Seven Trilogy Blood Brothers The Pagan Stone

**Will U. S. Forces Be Hollow Once Again?** Apr 16 2020 This book explores the current debates surrounding "hollow forces" and the decrease in the defense budget following prolonged conflict. Leaders' strategic choices, which lead to decreasing resources, sometimes create the perception of hollow forces. The author uses the case study methodology to examine potential causal relationships. The case studies examined are the Korean War, following the Vietnam War, after the Cold War, and the present conflict. The author discovered that the lack of training and numbers led to a perception of a hollow force in those cases. In addition, the author determined the lack of technology did not lead to a perception of a hollow force. The author recommends not to use the term "hollow force" and focus instead on military readiness.
