For courses in business mathematics at the freshman/sophomore levels. Mathematics for Business provides practical, up-to-date coverage of the mathematical techniques students must master to succeed in business today. Covering more algebra than competing books, it looks at a range of topics such as payroll records, inflation and the time value of money, range and standard deviation and index numbers. Examples and problems relate to real world events and personal finance issues so material is relevant to students. This tenth edition is supported by MyMathLab, includes over 150 new problems, uses Apple as a case study illustration, and addresses the global financial crisis and personal debt. Instructors, looking for a better way to manage homework? Want to save time preparing for lectures? Would you like to help students develop stronger problem-solving skills? If so, eGrade Plus has the answers you need. eGrade Plus offers an integrated suite of teaching and learning resources, including an online version of Black's Business Statistics for Contemporary Decision Making, Fourth Edition Update, in one easy-to-use Web site. A helpful tool for students, this studyguide includes: HOW TO STUDY BUSINESS MATH topics, as well as CHAPTER REVIEWS: VOCABULARY, DRILL,

APPLICATIONS for all chapters found in the text. No one understands the music industry--from the technology, to the legalities, to the new industry practices--better than veteran music lawyer Donald Passman. In this completely revised and updated seventh edition of *All You Need To Know About the Music Business*, which the *Los Angeles Times* called "the industry bible" and which has sold hundreds of thousands of copies, Passman offers executives and artists, experts and novices alike the essential information they need not only to survive in these volatile and exciting times, but also to thrive. Drawing on his unique, up-to-the-minute experience as one of the most trusted advisors in the business, Passman offers advice concerning:

- The Copyright Royalty Board's latest decisions regarding online transmissions.
- The developing new customs concerning new technologies such as streaming on demand, ringtones, and digital downloads.

Passman also gives guidance on other fundamental issues such as how to:

- Select and hire a winning team of advisors--personal and business managers, agents, and attorneys--and structure their commissions, percentages, and fees in a way that will protect you and maximize these relationships.
- Master the big picture and the finer points of record deals.
- Navigate the ins and outs of songwriting, music publishing, and copyright law.
- Maximize concert touring and merchandising deals.

Almost everyone in the music business, from musicians and songwriters to entertainment lawyers and record company executives, are scrambling to sort out what is going to happen next, and Passman is right in the thick of these changes. Here is a book for anyone interested in a music career: a comprehensive and crucial guide to making it in one of the world's most dynamic industries.

Charles Hill's *Global Business Today, 4e* (GBT) has become an established text in the International Business market for its excellent but concise coverage of the key global issues including the cultural context for global business, cross-border trade and investment, the global monetary system and competition in the global environment. GBT's concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in *Global Business Today, 4e* through a variety of real world examples and cases from small, medium, and large companies throughout the world.

"The objective of *Basic Statistics for Business and Economics* is to provide students majoring in management, marketing, finance, accounting, economics, and other fields of business administration with an introductory survey of descriptive and inferential statistics. To illustrate the application of statistics, we use many examples and exercises that focus on business applications, but also relate to the current world of the college student. A previous course in statistics is not necessary, and the mathematical requirement is first-year algebra"--

The 10th anniversary edition of the bestselling foundational business training manual for ambitious readers, featuring new concepts and mental models: updated, expanded, and revised. Many people assume they need to attend business school to learn how to build a successful business or advance in their career. That's not true. The vast majority of modern business practice requires little more than common sense, simple arithmetic, and knowledge of a few very important ideas and principles. The *Personal MBA 10th Anniversary Edition* provides a clear overview of the essentials of every major business topic: entrepreneurship, product development, marketing, sales, negotiation, accounting, finance, productivity, communication, psychology, leadership, systems design, analysis, and operations management...all in one comprehensive volume. Inside you'll learn concepts such as:

- The 5 Parts of Every Business: You can understand and improve any business, large or small, by focusing on five fundamental topics.
- The 12 Forms of Value: Products and services are only two of the twelve ways you can create value for your customers.
- 4 Methods to Increase Revenue: There are only four ways for a business to bring in more money. Do you know what they are?

Business degrees are often a poor investment, but business skills are always useful, no matter how you acquire them. The *Personal MBA* will help you do great work, make good decisions, and take full advantage of your skills, abilities, and available opportunities--no matter what you do (or would like to do) for a living.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Packed with 2013 and 2014 cases, FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES, 10e covers core business law topics like contracts and sales in a concise paperback. Summarized cases integrated throughout the text illustrate key points of law without unnecessary detail. Intended for the one-term course focused primarily on contracts and sales, the text condenses the latest legal topics--including cyberlaw, health-care, financial reform, and more--for quick comprehension. An entire chapter is devoted to Internet Law, Social Media, and Privacy. Current, abbreviated, and affordable, FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES, 10e provides an easy-to-understand alternative to traditional Business Law texts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Calculus for Business, Economics, and the Social and Life Sciences introduces calculus in real-world contexts and provides a sound, intuitive understanding of the basic concepts students need as they pursue careers in business, the life sciences, and the social

sciences. The new Ninth Edition builds on the straightforward writing style, practical applications from a variety of disciplines, clear step-by-step problem solving techniques, and comprehensive exercise sets that have been hallmarks of Hoffmann/Bradley's success through the years. Addresses law and employment decisions with a management perspective. This text explains how to approach and manage legal employment decisions, and outlines the specific legal framework in which management decisions are made. BUSINESS COMMUNICATION: IN PERSON, IN PRINT, ONLINE, 9E offers a realistic approach to communication in today's organizations. The text covers the most important business communication concepts in detail and thoroughly integrates coverage of today's social media and other communication technologies. Building on core written and oral communication skills, the ninth edition helps readers make sound medium choices and provides guidelines and examples for the many ways people communicate at work. Readers learn how to create PowerPoint decks, use instant messaging and texting effectively at work, engage customers using social media, lead web meetings and conference calls, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Provides students with an understanding of the dynamics of E-Business. This title offers coverage of emerging online business strategies and technologies in the electronic commerce marketplace. It provides coverage of e-commerce growth in China and the developing world, social media and online marketing strategies, and more. The Business Writer's Handbook, Fifth Edition, uses a unique four-way access system that ensures fast, accurate retrieval of the information business writers need. The Fifth Edition includes new electronic resource coverage, updated topics and new access features. INTERNATIONAL BUSINESS LAW AND ITS ENVIRONMENT, 8e, International Edition centers on the basic market-entry strategies most firms deploy as they expand into international markets: trade in goods and services, protecting and licensing intellectual property, and foreign direct investment. Interweaving the law with ethics-related issues, the text shows how individual firms manage these strategies in different ways while discussing the latest political, economic, and legal developments around the world. Helpful features such as case examples, end-of-chapter questions, and ethics activities help solidify your understanding of the material. BUSINESS AND SOCIETY employs a stakeholder management framework. This framework emphasizes a business's social, legal, political, and ethical responsibilities to both external and internal groups that have a stake, or interest, in that business. It is a fundamental goal of the course that students really get that responsible business decision makers strive to balance and protect the interests of various stakeholders-investors, employees, community, environment, etc. An emphasis is also placed on the fact that one needs to understand that business situations will continually arise that will truly test one's values and ethics. BUSINESS AND SOCIETY not only exposes students to diverse and important stakeholder and ethical frameworks for considering and protecting stakeholder interests, through its use of cases and other real-world applications, this text enhances the precision with which students think about and practice ethical decision making. Opportunities to apply stakeholder and ethical systems to specific business problems abound, and questions are provided with all cases and applications to focus student reasoning, ensuring excellent preparation for class discussions. Business: A Changing World carefully blends the right mix of coverage and applications to give students a firm grounding in business principles. Where other products have you sprinting through the semester to cover everything, Business: A Changing World allows breathing space to explore topics and incorporate additional activities to complement your teaching. Built from the ground up, Business: A Changing World is for faculty and students who value a briefer, flexible, integrated, and affordable resource that is exciting, applicable, and happening! What sets this learning program apart from the competition? An unrivaled mixture of exciting content and resources blended with application focused text and activities, and fresh topics and examples that show students what is happening in the world of business today! Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. A guide to the music business and its legal issues provides real-world coverage of a wide range of topics, including teams of advisors, record deals, songwriting and music publishing, touring, and merchandising. An anthology of readings, legal perspectives, and cases in business ethics. Ethical Theory and Business provides students with a strong understanding of ethics in business. Case studies, a discussion of ethical theory, and a diverse range of perspectives on specific topics give students the tools needed to address ethical situations in business and challenge them to think for themselves. Learning Goals Upon completing this book readers will be able to: \* Reflect on ethical and sustainable business practices \* Understand the role of ethics in all function areas of business including management, marketing, international business, human resources, finance, and accounting \* Discuss the most pressing issues confronting business leaders today "This book begins by teaching managers the practical utility of basic economic tools such as present value analysis, supply and demand, regression, indifference curves, isoquants, production, costs, and the basic models of perfect competition, monopoly, and monopolistic competition. Adopters and reviewers also praise the book for its real-world examples and because it includes modern topics not contained in any other single managerial economics textbook: oligopoly, penetration pricing, multistage and repeated games, foreclosure, contracting, vertical and horizontal integration, networks, bargaining, predatory pricing, -principal-agent problems, raising rivals' costs, adverse selection, auctions, screening and signaling, search, limit pricing, and a host of other pricing strategies for firms enjoying market power. This balanced coverage of traditional and modern microeconomic tools makes it appropriate for a wide variety of managerial economics classrooms. An increasing number of business schools are adopting this book to replace (or use alongside) managerial strategy texts laden with anecdotes but lacking the microeconomic tools needed to identify and implement the business strategies that are optimal in a given situation"-- All You Need to Know About the Music Business by veteran music lawyer Don Passman—dubbed “the industry bible” by the Los Angeles Times—is now updated to address the biggest transformation of the music industry yet: streaming. For more than twenty-five years, All You Need to Know About the Music Business has been universally regarded as the definitive guide to the music industry. Now in its tenth edition, Donald Passman leads novices and experts alike through what has been the most profound change in the music business since the days of wax cylinders and piano rolls. For the first time in history, music is no longer monetized by selling something—it’s monetized by how many times listeners stream a song. And that completely changes the ecosystem of the business, as Passman explains in detail. Since the advent of file-sharing technology in the late 1990s to the creation of the iPod, the music industry has been teetering on the brink of a major transformation—and with the newest switch to streaming music, this change has finally come to pass. Passman’s comprehensive guide offers timely, authoritative information from how to select and hire a winning team of advisors and structure their commissions and fees; navigate the ins and outs of record deals, songwriting, publishing, and copyrights; maximize concert, touring, and merchandising deals; and how the game is played in a streaming world. “If you want to be in music, you have to read this book,” says Adam Levine, lead singer and guitarist of Maroon 5. With its proven track record, this updated edition of All You Need to Know About the Music Business is more essential than ever for musicians, songwriters, lawyers, agents, promoters, publishers, executives, and managers—anyone trying to navigate the rapid transformation of the industry. This text is used at more colleges and universities than any other business law text. With the perfect balance of tradition and innovation, this benchmark text brings to life the functions and inner-workings of business law in the real world. Rich with classic and modern cases, West's Business Law is the ideal text for students entering virtually any field of business. By combining this market leading text with a complete supplements and technology package, this is the one clear choice in business law

courses.
