CORPORATE FINANCE, 2nd Edition was crafted to match the way you teach your MBA-level course. It's a claim we're confident to make

because before creating the text, the authors analyzed more than 150 MBA-course syllabi and blended this research with input from professors like you and more than 50 years of personal corporate finance and teaching experience. The result is the most relevant text available for your students—one that presents the latest financial theories within the practical context of today's business. This balance of modern theory and practice is found in features such as Applying the Model examples that demonstrate concepts in action, cross-functional applications that make the book applicable to all students, and innovative CengageNOW for Smart Finance technology that reinforces learning throughout each chapter. Gitman's proven learning goal system a hallmark feature of Principles of Managerial Finance weaves pedagogy into concepts and practice, providing readers with a roadmap to guide them through the text and supplementary tools. Never HIGHLIGHT a Book Again! Includes all testable terms, concepts, persons, places, and events. Cram101 Just the FACTS101 studyguides gives all of the outlines, highlights, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101
