The Fountainhead Jul 22 2020 The revolutionary literary vision that sowed the seeds of Objectivism, Ayn Rand's groundbreaking philosophy, and brought her immediate worldwide acclaim. This modern classic is the story of intransigent young architect Howard Roark, whose integrity was as unyielding as granite...of Dominique Francon, the exquisitely beautiful woman who loved Roark passionately, but married his worst enemy...and of the fanatic denunciation unleashed by an enraged society against a great creator. As fresh today as it was then, Rand's provocative novel presents one of the most challenging ideas in all of fiction—that man's ego is the fountainhead of human progress... "A writer of great power. She has a subtle and ingenious mind and the capacity of writing brilliantly, beautifully, bitterly...This is the only novel of ideas written by an American woman that I can recall."—The New York Times
Anthem Oct 17 2022 Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by

irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated (for example, the use of the word "I" or "Ego" is punishable by death). This edition includes a comprehensive study guide and the full novella.

Anthem Nov 13 2019 My happiness is not the means to any end. It is the end. It is its own goal. It is its own purpose. Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and a clear predecessor to her later masterpieces. The Fountainhead and Atlas Shrugged. In Anthem, Rand examines a frightening future in which individuals have no name, no independence, and no values. Equality 7-2521 lives in the dark ages of the future where all decisions are made by committee, all people live in collectives, and all traces of individualism have been wiped out. Despite such a restrictive environment, the spark of individual thought and freedom still burns in him--a passion which he

has been taught to call sinful. In a purely egalitarian world, Equality 7-2521 dares to stand apart from the herd--to think and choose for himself, to discover electricity, and to love the woman of his choice. Now he has been marked for death for committing the ultimate sin. In a world where the great "we" reign supreme, he has rediscovered the lost and holy word--"I."

Ayn Rand Universe Mar 18 2020 Ayn Rand is one of the most polarizing authors of the 20th century. Best known for novels "The Fountainhead" and "Atlas Shrugged," which used characters intent on exercising their individualism over conformity, Rand became a pop philosopher in the 1950s. Her work upholds the virtues of a philosophy that she and Nathaniel Branden called Objectivism. This book examines both her life and her work; it follows her humble origins and shows exactly how her books have influenced everyone from political figures to celebrities. Finally, it gives a nutshell recap of her most important philosophical contribution: objectivism. If you've never really understood why Ayn Rand was important, or if you have appreciated her books and just want to know more, then this book is for you. A Christian Study Guide for Atlas Shrugged Jan 16 2020 "When the righteous triumph, there is great elation, but when the wicked rise to power, men go into hiding." Prov. 28:12 (NIV) Atlas Shrugged is a controversial piece of literature, written by a former Russian citizen,

Atlas Shrugged Feb 09 2022 Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

Being There Apr 18 2020 A quirky, brilliant novel starring Chauncey Gardiner, an enigmatic man who rises from nowhere to become a media phenomenon—"a fabulous creature of our age" (Newsweek). One of the most beloved novels by the New York Times–bestselling and National Book Award–winning author of *The Painted Bird* and *Pinball*, *Being There* is the story of a mysterious man who finds himself at the center of Wall Street and Washington power—including his role as a policy adviser to the president—despite the fact that no one is quite sure where he comes from, or what he is actually talking about. Nevertheless, Chauncey "Chance" Gardiner is celebrated by the media, and hailed as a visionary, in this satirical masterpiece that became an award-winning film starring Peter Sellers. As wise and timely as ever, *Being There* is "a tantalizing knuckleball of a book delivered with perfectly timed satirical hops and metaphysical flutters" (Time).
